BACKGROUND

The bonds related to this item ARE NOT the debt of Gaston County and the County is in no way liable for the repayment of them. Federal law (26 CFR 1.147(f)-1) requires the private, non-profit entity seeking the issuance of these bonds to obtain the approval of the local government whose jurisdiction the project lies within.

Covenant Village, Inc. is a continuing care retirement community in Gaston County. Covenant Village has requested that the Public Finance Authority, a national conduit issuer, issue its revenue bonds (the "Bonds") for the benefit of Covenant Village to assist with the (1) financing and refinancing, in part, certain capital improvements, consisting primarily of (i) the acquisition of approximately 22 acres of land located adjacent to the Borrower's existing facilities at 1351 Robinwood Road, Gastonia, North Carolina 28054, (ii) the construction, furnishing and equipping of 21 independent living apartments and 14 independent living cottages, (iii) the renovation of dining facilities, (iv) the construction a new pavilion and (v) the construction and renovation of road and parking improvements (collectively, the "New Money Project"), (2) refinancing the outstanding principal amount and accrued interest on a loan used to finance the acquisition of real property and refinancing of existing debt issued to finance the construction, renovation, furnishing and equipping of the health care center (collectively, the "Refinanced Projects" and together with the New Money Project, the "Projects"), and (3) paying certain costs incurred in connection with the issuance of the Bonds.

In order for the interest on the Bonds to be exempt from federal income tax, federal tax rules require that an elected body with jurisdiction over the nonprofit organization's financed facilities approve the issuance "in principle" after holding a public hearing. Because Covenant Village is located in the County, the Board of Commissioners is eligible to serve as the elected body and provide the necessary approval after a public hearing. Covenant Village-not the County-would have the sole responsibility to repay the debt incurred through the bond issuance, and approval for federal tax purposes does not subject the County to any liability.

At 6:00 p.m., the Chairman announced that the Board would proceed to hold a public hearing and would hear anyone who wished to be heard regarding the use of up to \$60,000,000 of the proceeds of the Public Finance Authority's (the "Authority") revenue bonds, to be issued in one or more series (the "Bonds"), by Covenant Village, Inc., a North Carolina nonprofit corporation (the "Borrower"), to (1) finance and refinance, in part, certain capital improvements, consisting primarily of (i) the acquisition of approximately 22 acres of land located adjacent to the Borrower's existing facilities at 1351 Robinwood Road, Gastonia, North Carolina 28054, (ii) the construction, furnishing and equipping of 21 independent living apartments and 14 independent living cottages, (iii) the renovation of dining facilities, (iv) the construction a new pavilion and (v) the construction and renovation of road and parking improvements (collectively, the "New Money Project"), (2) refinance the outstanding principal amount and accrued interest on a loan used to finance the acquisition of real property and refinancing of existing debt issued to finance the construction, renovation, furnishing and equipping of the health care center (collectively, the "Refinanced Projects" and together with the New Money Project, the "Projects"), and (3) pay certain costs incurred in connection with the issuance of the Bonds.

The Board was informed that:

1. The Projects are or will be owned and operated by the Borrower.
2. The Bonds are special limited obligations of the Authority payable solely from the funds paid by the Borrower to the Authority and are secured by collateral furnished or caused to be furnished by the Borrower.
3. On April 16, 2024, a notice of public hearing was published in The Gaston Gazette, a copy of the affidavit of publication being attached as Exhibit A, setting forth a general, functional description of the Projects, the maximum principal amount of the Bonds to be used to finance and refinance the Projects, the owner and operator of the Projects and the location of the Projects, among other things.

The names, address and testimony of the persons who were present and who offered comments on the use of proceeds of the Bonds to finance and refinance the Projects or who responded in writing to the notice of public hearing are as follows:

WHEREAS, the Projects are or will be located at 1351 Robinwood Road, Gastonia, North Carolina 28054;

WHEREAS, the Board is advised that the Projects will be owned and operated by the Borrower;

WHEREAS, the Borrower believes that the Projects will benefit the County of Gaston, North Carolina (the "County"), generally and, in particular, by providing continuing care retirement facilities and employment opportunities for people from the County and surrounding areas;

WHEREAS, the Board is advised that pursuant to Section 66.0304(11)(a) of the Wisconsin Statutes and Section 4 of the Amended and Restated Joint Exercise Power Agreement Relating to the Public Finance

Authority dated as of September 28, 2010 (collectively, the "Authority Requirements") and Section 147(f) of the Code and Treasury Regulations Section 5f.103-2(f), as amended (collectively, "Federal Tax Requirements"), prior to the issuance of the Bonds by the Authority, and after a public hearing held following reasonable public notice, the Borrower is requesting the Board as the highest elected representatives of the County and the governmental unit having jurisdiction over the area in which the Projects are located, to approve the Authority's issuance of the Bonds and the financing and refinancing of the Projects in the County;

WHEREAS, at the Borrower's request, the County now desires to approve the Authority's issuance of the Bonds and the financing and refinancing of the Projects in order to satisfy the Authority Requirements and the Federal Tax Requirements.

NOW, THEREFORE, BE IT RESOLVED by the Board as follows:

Section 2. The County shall have no responsibility for the payment of the principal of or interest on the Bonds or for any costs incurred by the Borrower with respect to the Bonds or the Projects. Section 3. As required by and in accordance with the Authority Requirements and the Federal Tax Requirements, the Board, as the applicable elected representatives of the governmental unit having jurisdiction over the area in which the Projects are located, approves the Authority's issuance of the Bonds and the financing and refinancing of the costs of the Projects in the County solely for the purpose of satisfying the Authority Requirements and the Federal Tax Requirements.

BACKGROUND

ACCESS Transportation System (ACCESS), having oversight for transportation services for Gaston County Health and Human Services and outside agencies, requested proposals for the provision of overflow contracted transportation services beyond what they may be able to provide. The competitive Request for Proposals (RFP) was conducted for ACCESS overflow transportation for Medicaid Non-Emergency Medical Transportation (NEMT).

The contract does not have an award dollar amount since our contracts only set the rates, and reimbursements for Medicaid NEMT are through a state system called NC Tracks. There can be more than one contract awarded for NEMT services.

- RFP #2023-TRANS001 was publicized on the County's website, Gaston Gazette, and on the NC DOA Historically Underutilized Businesses (HUB) site to meet the UG affirmative steps to solicit from MWBE.
- The RFP process was conducted in accordance with the approved ACCESS Procurement Policy Resolution #2019-177 File #19-210.
- Five (5) proposals for Medicaid NEMT services were received on 12/22/2023 for RFP #2023-RANS001. Proposals were evaluated by three reviewers on 1/24/2024 and only on criteria outlined in the RFP documents.
- The proposal for Foothills Transit was not considered and not scored due to the proposer not completing the RFP documents as instructed and there was no authorized signature on the pricing structure which eliminates the proposal for consideration.

Awards are recommended to the following proposers deemed to have the most advantageous proposals based on the evaluation criteria established in the RFP. Recommendation for approval is awarded to the following who met the legal standard:

Division of Workforce Solutions

Raleigh, NC 27699-4316

Introduction and Instructions

The Workforce Innovation and Opportunity Act (WIOA) requires each Local Area Workforce Development Board (WDB) to develop and submit, in partnership with the chief local elected official (CLEO), a comprehensive four-year plan.

The WIOA Comprehensive Four-Year Title I Plan is to provide current information and be effective July 1, 2024 - June 30, 2028 and will include required current local policies. The Local Area Plan will support the alignment strategy described in the 2024-2025 NC Unified State Plan in accordance with WIOA Section 102(b)(1)(E), and otherwise be consistent with the NC Unified State Plan. North Carolina Governor Roy Cooper's mission is to ensure North Carolinians are better educated, healthier, and have more money in their pockets so that they can live more abundant, purposeful lives. The cornerstone to achieving this goal is to help people get good-paying jobs to support themselves and their families. Through NC Job Ready, Governor Cooper's workforce development initiative, North Carolina is working to build a stronger and better workforce. NC Job Ready is built on three core principles: education and skills attainment are the foundation to a strong and resilient workforce; an employer-led workforce development system is key to the growth of a highly skilled and job ready workforce; and local innovation is critical to a dynamic and effective workforce system. In addition, Local Area WDBs shall comply with WIOA Section 108 in the preparation and submission of the plan.

The NCWorks Commission developed the strategic vision and mission for North Carolina's Workforce System based on Governor Cooper's NC Job Ready Initiative. This vision is to build a job-ready workforce to strengthen North Carolina companies, attract new businesses, and ensure our state can adapt to a changing economy. The mission of the state's workforce development system is to ensure North Carolina has an innovative, relevant, effective, and efficient workforce development system that develops adaptable, work-ready, skilled talent to meet the current and future needs of workers and businesses to achieve and sustain economic prosperity, and to ensure North Carolinians are ready for the jobs of today and tomorrow by increasing access to education and skills training, fostering employer leadership to prepare workers, and supporting and scaling local innovation.

Plans are reviewed by the Division of Workforce Solutions and NCWorks Commission staff. Upon completion of Plan reviews and the resolution of any concerns, as applicable, fully compliant Plans will be given Final Approval. Approval letters are distributed through Workforce Information System Enterprise (WISE). Local WDBs must have a compliant workforce board in place to receive Final Plan Approval and distribution of formula WIOA program year funding. [WIOA Section 108(c)]

II. Local Area WDB Strategic Planning

*The Local Area WDB is required to keep the Local Area Plan up to date and adaptable as events and funding changes occur, which may require local area responses. Local Area Plans will require an annual modification. North Carolina has implemented integrated services delivery with an enhanced emphasis on regional planning and services. This approach is consistent with federal, state, and regional initiatives and opportunities. North Carolina's workforce development system includes businesses, organizations, agencies, employed and unemployed persons, training and educational institutions, adults, and youth. To enhance services to all constituents, aligning workforce development planning and services with regional labor markets is both effective and productive. North Carolina Governor Roy Cooper's NC Job Ready Initiative is built on three core principles: **skills and education attainment** are the foundation to a strong and resilient workforce; **an employer-led workforce development system** is key to the growth of a highly skilled and job ready workforce; and **local innovation** is critical to a dynamic and effective workforce system.*

At the local level, the Local Area WDBs are creatively working to address the new challenges of job growth and expansions. Employers in Local Area WDB areas continue to have a shortage of lower-wage, entry-level and middle-skilled level workers. As a Local Area WDB and workforce system, Local Area WDBs are leveraging resources and engaging in new partnerships that include the business community, economic developers, chambers of commerce, NCWorks Career Centers, community colleges, public schools, and community partners. Working together, Local Area WDBs are paving the way for an even stronger economy through sector partnerships and career pathways initiatives.

1. Provide a description of the Local Area WDB's strategic vision and goals for preparing an in-demand industry-driven, educated, and skilled workforce, including youth and individuals with barriers to employment. Include goals relating to the performance accountability measures based on primary indicators of performance and how it aligns with regional economic growth, industry sectors, and economic self-sufficiency. [WIOA Section 108(b)(1)(E)]

The GWDB has continued a vision of enhancing skills with the existing and emerging workforce to meet the needs of regional employers and improve the economic conditions of its residents while encouraging business development and expansion through entrepreneurship and innovation. Participants are provided with intensive case managers for assistance with individualized career services and training services. With emphasis on educating the emerging workforce, Gaston County will enable its workforce to be more skilled and increase employers' competitiveness in the global job market while meeting the changing needs of employers. Gaston is focusing on better career exploration through interest assessment testing prior to enrollment in training. Additionally, expanding the number of individuals receiving supportive services to enable existing students to remain in school, thus producing a higher number of post-secondary credential completers that will have an easier time finding self-sufficiency employment that meets performance requirements. Apprenticeship and Work based learning programs are an integral part of the student with barriers to employment having

successful outcomes in finding a job after completion of their training, as well as job retention and self-sufficiency.

2. Provide a description of how the Local Area WDB, working with the entities carrying out core programs, will expand access to employment, training, education and supportive services for eligible individuals, particularly eligible individuals with barriers to employment. Include how the Local Area WDB will facilitate the development of career pathways and co-enrollment, as appropriate, in core programs, and improve access to activities leading to a recognized postsecondary credential including a credential that is an industry-recognized certificate or certification, portable, and stackable. Include how these strategies will be a result of regional economic and employer-driven priorities. [WIOA Section 108(b)(3)]

The GWDB follows federal and state guidelines to execute a Memorandums of Understanding (MOU) with all required Workforce Innovation and Opportunity Act partners, as well as other community partners of the career center. The Gaston Local Area MOU allows core title programs to jointly develop, provide, and sustain career services to residents through One-Stop career centers. Local area residents who receive one-stop center career services may be enrolled in partner provided employment or education training which results in co-enrollment between WIOA core titled partner programs. Partners work together to avoid duplication of services and to exhaust all other resources before utilizing WIOA funds. Through linkage and referral, other partners such as faith-based or community-based organizations may also provide services to meet the needs of residents that WIOA core programs cannot. Gaston County has an extensive referral system with its partners including (but not limited to) NC Services for the Hearing Impaired, NC Services for the Blind, the Vocational Rehabilitation office, the DSS agency, etc. as well as many other community-based organizations for WIOA participants or individuals seeking information through the NCWorks Career Centers. Information pertaining to these entities is also included in Rapid Response Session Packets as requested or expressed by the employer with an interest in providing the information to their labor force. Targeted populations continue to be a dedicated focus in the Gaston Local Area.

Business Services Staff, Secondary and Postsecondary Institutions, and employers from our region are collaborative partners in regional career pathways exploration, development, and/or implementation processes. By working jointly with these collaborative partners, we can determine and address the needs of the local employers by identifying and developing classroom-based curriculum courses that address gaps in knowledge and skills. Work-based learning is introduced to ensure applied skills, related to their jobs, are developed, and evaluated by local employers. Pre & Post Skills Assessments are completed, and training plans are developed jointly between the BSR, Employer, and participant to gauge the effectiveness of training plans administered and the level of skills progression by the participant. Our regional career pathways are designed with on and off ramps that allow for individuals to attain certifications or degrees within a career field through classroom-based training.

3. Considering the analyses described in the Regional Strategic Planning Section III, describe strategies to work with the entities that carry out the core programs that align resources available to the Local Area to achieve the strategic vision and goals. [WIOA Section 108(b)(1)(F)]

<p>Gaston County Workforce Development Board (GWDB) hosts regular meetings and WDB staff attend and hold positions in external meetings and boards that keep us in constant communication with partner agencies and resources. Meetings regularly hosted by GWDB are: Youth Committee where youth facing agencies meet quarterly to discuss youth barriers and resolutions, NCWorks Leadership and Management Partner meetings where NCWorks Career Center partners meet every other month to discuss Career Center objectives and resources, and Gaston's BEST Team where business solutions agencies meet quarterly to discuss resolutions to business' s needs. The vision statement is shared at the beginning of every meeting and the agenda and discussion is focused around meeting all objectives. This provides a sense of unity between all partnering agencies in attendance.</p>	<p>4. Provide a description of strategies concerning maximizing coordination of services provided under the Wagner-Peyser Act and services provided in the Local Area through the NCWorks Career Center system. Include how this coordination of services improves service delivery and avoids duplication of services. [WIOA Section 108(b)(12)]</p> <p>Gaston County has developed an extensive referral system within the NCWorks Career Center and community partner entity offices for WIOA participants or individuals seeking information through the NCWorks Career Centers. Information pertaining to these entities is also included in Rapid Response Session Packets as well as any other community service that the requesting party has expressed an interest in providing to their labor force. The NCWorks Career Center houses multiple partnering agencies daily and weekly, in order to provide efficient and integrated service delivery to our customers, without duplication. Partners that spend hours each week at the Career Center include, but are not limited to: Work First, NextGen, WIOA-ADDW, Re-Entry, Vocational Rehabilitation, and Veteran Rep. Upon completion of Wagner-Peyser, Career Center staff are to make referrals to any of the above-mentioned partners, should the customer request or exhibit a potential need that may be fulfilled by a partner agency. Career Center staff also provide customers with job fair, recruitment event, workshop and training information that is tailored to the individual needs of each customer.</p> <p>The Gaston WDB staff, along with representation from all Career Center Partners within our Local Area, have bi-monthly Career Center Leadership and Career Center Management Team meetings to strategize and share needs, services, and events information. Additionally, periodic training is offered and arranged by career center partners and providers. Cooperation, collaboration, and coordination can be developed, reviewed, monitored, and/or addressed at these bi-monthly meetings.</p>	<p>5. Describe how the Local Area WDB implements each of the following initiatives: incumbent worker training programs, on-the-job training programs, customized training programs, industry and sector strategies, career pathways initiatives, layoff aversion, utilization of effective business intermediaries, and other employer services and strategies, designed to meet the needs of employers in the corresponding region in support of the regional strategy to meet the needs of businesses. [WIOA Section 108 (b)(4)(B)]</p> <p>Gaston County Workforce Development Board (GWDB) collaborates with neighboring counties and South Carolina to meet the needs of our employers, especially larger employers that need to pull talent and resources from all surrounding</p>

<p>areas. Local BSRs and other workforce staff work together to coordinate in-person, virtual, and hybrid hiring events. The Incumbent Worker Training program is in high demand by the employers in Gaston County. GWDB uses the Incumbent Worker Program to meet the demand of employers for business expansion, employee retention and/or employee upward mobility. The program can be used to upskill the current workforce with technical training all the way to leadership training. This also allows employers to backfill their entry level roles.</p> <p>GWDB utilizes an on-the-job Training program as a hiring incentive for employers. This program is best used for an employer who identifies a candidate that is still in need of training and development to obtain the necessary skills to fulfill the job efficiently. The employer receives 50-75% reimbursement for the trainee's wages during a 6-month (or 1040 hour) timeframe.</p> <p>Work Experience (WEX) is also used as a hiring incentive for an employer. This is utilized for candidates that lack the skill and work history to be a qualified candidate. The trainees' wages will be 100% paid through GWDB contractor. With a successful WEX position completion, the objective is the employer desires to hire the candidate full-time as a permanent employee.</p> <p>GWDB works with employers, educators, other workforce partners and community partners to identify and address workforce issues and create ongoing solutions. The GWDB also works with the same partners to create career pathways. The GWDB works closely with the Economic Development Commission to provide up to date labor market information, wage data studies etc. to help employers better understand our current market conditions.</p> <p>GWDB also leads a local team called Gaston's BEST (Business Employer Services Team). This team is made up of staff from GWDB including the Business Services Representative and NCWorks Career Center Manager, Gaston County EDC, Gaston Business Association, Gaston College, Vocational Rehabilitation, Gaston Literacy, Gaston County Schools, DWS, and other valuable partners to work together on projects, workforce issues/solutions, hiring events, and creating new and utilizing existing relationships with employers to expand the footprint of services to businesses in our region. We maintain a catalog of all our team members, information on services, etc.</p> <p>The GWDB maintains positions and memberships in local groups to maintain business relationships and build new business relationships to broaden our service offerings. Some groups consist of; Gaston County Schools Business Advisory Council, Gaston HR, GCAM (Gaston Co Association of Manufacturers), Gaston Business Association, other Chambers, etc.</p>	<p>6. During these meetings Adult Education and Literacy provides updates about their current programs and services. Through the updates provided, GWDB is able to avoid duplication of services provided, partner with the program on similar activities, and provide referral resources for both programs to utilize each other's services for the needed participants. On several occasions Adult Education and Literacy has been able to provide continued services for individuals who are English deficient, skilled deficient, and financially inexperienced that is outside WIOA services offered.</p>

Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq). [WIOA Section 108(b)(2)]	<p>Gaston County WDB (GWDB) provides services for Adults, Youth, and Businesses through the NCWorks Career Center system and has implemented a demand-driven, integrated service delivery model. The center has staff with salaries funded through the Wagner-Peyser and Workforce Innovation and Opportunity Act funding streams. Dislocated workers are targeted through Rapid Response events, and RESEA referral. GWDB partners with Vocational Rehabilitation to better serve those with disabilities. - Include plans for new career pathways.
- Explain how career pathways in the local area are in alignment with other partners/stakeholders' (Department of Public Instruction (DPI), community colleges, myFutureNC, universities, etc.) existing pathways or if they are duplicates.

a. The needs for additional or new career pathways can be explored and evaluated annually when JobsE and LMI data are used to update the Local/Regional OID Lists with careers that are in demand. The GWDB also gathers this information from employer surveys. Gaston County WDB has plans in creating a daycare career pathway to assist local daycares in obtaining licenses for teachers. This pathway will include partnerships with Gaston College and Gaston County Department of Social Services Child Daycare Services Program to utilize courses and resources readily available.

b. The pathways are developed in conjunction with both local area partners and businesses, on a regional level. This is beneficial due to current commuting patterns of residents traveling between Gaston County and the surrounding counties in both Centralina and CharlotteWorks Local Areas for work.

c. The pathways are developed in conjunction with both local area partners, school systems, colleges, and businesses to be an all-inclusive collaboration. The Gaston County WDB utilizes partner meetings, Board meetings, Youth Committee meetings, and other communication efforts as platforms to discuss career pathways with other agencies. During these meetings, all partners discuss their current actions and objectives to promote partnership and remove any duplicated services.

d. Gaston WDB is a partner to our local community college and together we work closely with employers and industry partners to align pathway programs with current and future workforce needs. Encourage them to provide input on curriculum development, offer internships and apprenticeships, and participate in career fairs and networking events.
17. Provide a description of the Local Area WDB's capacity to provide workforce investment activities to address (a) education attainment and skill needs of high-demand fields (b) strategies for awareness and cultivation efforts to increase access to education and postsecondary credentials and certificates, availability of learn-and-earn opportunities (internships, apprenticeships, summer employment) and (c) supportive services for hard-to-reach communities. (d) Explain strategies that include NextGen, NCCareers.org and any awareness models for success. (e) Explain strategies to align work across the North Carolina Community College System (NCCCS) and (DPI) to increase youth apprenticeships or assist businesses in hiring youth apprentices.
a. The Gaston Workforce Development Board (GWDB) maintains an active connection with local training providers and promotes the Workforce Innovation and Opportunity Act (WIOA) through informative sessions held at community colleges, partner agencies, job fairs, and community events. During pre-intake consultations, we assist customers by providing career pathway information, labor market insights, and details on local opportunities for training, retraining, or employment in high-demand sectors. We strongly encourage customers to thoroughly explore their fields of interest before committing to training, thereby ensuring that credentials, measurable skill gains, and overall success become more attainable.
b. Our capacity to provide workforce investment activities addressing the educational attainment and skill needs of high-demand fields involves engaging in intensive, personalized career and training counseling. This includes administering career cluster and Holland Code assessments, as well as consistently reviewing local area job markets and in-demand careers offering sustainable wages. Additionally, strategies to raise awareness and increase access to education and postsecondary credentials include providing consistent exposure to 'learn and earn' opportunities (such as internships, apprenticeships, and summer employment) through community organizations and partners. We also offer guidance on training providers and educational programs to our participants.
c. From recruitment to program participation, participants are made aware of the supportive services available to help eliminate barriers they may face when pursuing employment and educational goals. At NextGen, we prioritize self-awareness among participants by offering ongoing resources and support for personal development. We recognize the importance of personal motivation and help individuals recognize their own value as they work toward sustainability.
d. The Business Services Representative (BSR) collaborates closely with the college system, high school system, vocational rehabilitation services, NCWorks Career Center-Gaston, and other partners to identify skills and education gaps that may act as barriers. Once these gaps are identified, we work with individuals to ensure they are matched with appropriate training providers or college programs to address these gaps.
e. Additionally, the BSR conducts surveys of Gaston County businesses to gather data on skills and education gaps they are experiencing. This information is shared with the college system to ensure they offer courses in demand and connect participants with the necessary resources to enroll in these courses/training programs, preparing them for success in their chosen industries.

III. Regional Strategic Planning:

North Carolina is defined by an expansive geography that covers over 53,000 square miles and spans from the mountains in the west, to the piedmont region in the state's center to the coastal plain region in the east. This expansive geography contributes to the state's diverse mix of rural communities, small towns, cities, metropolitan areas, and regional economic centers, each with its own unique industrial composition. Part of North Carolina's economic development strategy includes organization of the state's 100 counties into eight multi-county regions called Prosperity Zones, which are intended to help ensure economic growth across all areas of the state, by leveraging regional economic, workforce, and educational resources. Overlaying the eight prosperity zones are North Carolina's 20 Local Area WDBs that facilitate the delivery of workforce services to the state's citizens and employers.

Local Area WDBs are to continue, or begin, formal interaction based on these regional geographies. The following regional configurations will be used for submission of this Regional Plan:

	<p>7. Briefly provide a description of how the Local Area WDB will coordinate education and workforce investment activities carried out in the local area with relevant secondary and postsecondary education programs and activities to coordinate strategies, enhance services, and avoid duplication of services. [WIOA Section 108(b)(10)].</p> <p>Gaston County Workforce Development Board follows federal and state guidelines to execute a Memorandums of Understanding (MOU) with all required Workforce Innovation and Opportunity Act partners, as well as other community partners of the career center. The Gaston Local Area MOU allows core title programs to jointly develop, provide, and sustain career services to residents through One-Stop career centers, including Gaston County CTE program and Gaston College. The MOU details what services are being offered, which naturally removes any duplication of services.</p> <p>Additionally, Gaston College is the contractor for the GWDB Youth NextGen program. This allows WIOA Youth enrollees full access to the colleges services as the NextGen program is housed on campus. Gaston College provides staff members to hold job readiness workshops to participants on-site at the NCWorks Career Center-Gaston.</p>
	<p>8. Briefly describe how the NCWorks Career Centers serve military veterans.</p> <p>Veterans are identified at the front desk based on self-identification. Veterans are thanked for their service and made a priority to be seen by appropriate staff to meet their needs. Each veteran fills out a Veterans' Services Intake Form to assess needed services. The DVOP at the NC Works Career Center - Gaston receives the assessed intake form from staff members and follows up with the Veteran to determine if "Special Barriers to Employment" exist. If barriers (such as lack of housing) are identified, the DVOP will serve this customer through their program but at any point can refer the customer to WIOA or other partner services for further assistance if requested. The customer can be dual enrolled in services and coordinate appointments with the DVOP and WIOA case manager to avoid inefficient service. Veterans are provided with career development services, job search assistance, and community resources. Active Military personnel who are transitioning back into the civilian workforce can also receive assistance with their resume to correlate their skills and training received in the military to the training and skills requested by employers for job positions. They are also provided with both individual comprehensive guidance and career counseling.</p> <p>The Career Center serves veterans under Priority of Service.</p> <p>LA Priority of Service Order:</p> <ol style="list-style-type: none">1. 5. Fifth- additional non-covered persons who are "individuals with barriers to employment" identified in WIOA sec. 3(24)
6. Last, non-covered persons who do not have an additional barrier to employment that meets 'statutory priority' requirements (public assistance, other low-income individuals, or individuals who are basic skills deficient) for WIOA Adult formula funding ... in the order specified by the Local WDB.

9. Explain the strategic plan for how the region will respond to national emergencies or weather-related disasters to serve victims (such as lay-off aversion activities) and utilize special grants efficiently throughout the recovery period.

The Southwest Region utilizes special grant funds for national disaster recovery purposes to allow individuals the opportunity for Disaster Relief Employment or Career and Training Services. This enables individuals who are temporarily or permanently dislocated, due to a national disaster, to obtain paid work experience positions in areas related to Humanitarian Assistance or Clean Up and Recovery efforts. Each of the Workforce Development Boards in our region maintains a list of emergency contact organizations across the area for quick assimilation of needed services and solutions utilized when a crisis happens. Dislocated Workers can also be served, utilizing dislocated worker funds, for those needing financial assistance with training or upskilling and meet dislocated worker eligibility criteria.

Moreover, GWDB collaborates with Veteran specialists at events like Veteran Stand Down Events and Veteran's preferred hiring events. Representatives from Vocational Rehabilitation regularly attend GWDB partner meetings, facilitating referrals for wrap-around services for WIOA participants.

While agriculture employers are not typically encountered, GWDB is prepared to make appropriate connections and referrals if needed. Gaston County is still experiencing a high volume of Haitian population, GWDB provides workforce services with the assistance of translators and the Gaston Literacy Council. Gaston County has several Re-Entry specialists through DWS staff that are located at our local NCWorks Career Center. Furthermore, partnerships with re-entry specialists from the Foothills Area enable GWDB to offer advice and services to citizens seeking re-entry into the workforce. GWDB also assists employers in hiring justice-involved individuals by facilitating documentation and providing support services.

Job fairs serve as platforms for GWDB to connect with employers and share available workforce services. All GWDB flyers are regularly updated to reflect the programs and services offered. We have created and implemented a social media-based campaign, which will proudly display the NCWorks brand, and will revolve around different parts of Gaston County's workforce and include the many opportunities that exist for its citizens and businesses, especially those that receive public assistance, are low-income, and/or are considered be an at-risk youth. Career awareness events will be sponsored by the GWDB and/or its partners with event assistance offered by the career centers and/or workforce partner staff.</p> <p>Therefore, printable materials and outreach efforts will include the NCWorks brand. These events will be targeted toward Gaston County High Schools' seniors and local college students. The purpose of these events is to bring awareness to the different career opportunities that are available locally - in addition to the associated education, formal training, and/or direct skills that employers require for each.</p> <p>Our current partnership with Gaston County Public Library also affords us the opportunity to provide career services in an environment that is frequented by customers, some of whom do not utilize the NCWorks Career Center. This allows us to promote the NCWorks system and brand through career center services provided to library patrons and sharing orientation materials and outreach pintables containing the NCWorks Brand with these individuals.</p> <p>The GWDB maintains temporary and/or permanent signage, for branding purposes, at all certified career centers. The GWDB conducts outreach to promote services available to customers and businesses alike through several avenues including (but not limited to): Board-Sponsored Websites; Social Media Outlets (including Facebook, Twitter, & Instagram); through delivery of our Business Solutions Catalog to new</p>

GWDB employs employer surveys to pinpoint specific needs, gathering crucial data to inform targeted solutions. These solutions encompass a range of initiatives such as recruitment drives, job fairs, collaborative events with neighboring counties/regions, and tailored support for businesses within the county's Business Park. Additionally, GWDB hosts bi-annual employer breakfasts, facilitating dialogue among employers to address their needs and explore potential solutions or partnerships.</p> <p>Furthermore, GWDB leverages resources such as grants from the EDC to aid expanding companies, offering hiring incentives like On-the-Job Training (OJT), Work Experience (WEX), and Apprenticeship programs to offset hiring and training costs. The board also partners with neighboring counties like Mecklenburg, York (South Carolina), Lincoln, and Cleveland to organize large-scale job fairs, attracting diverse pools of applicants from across regions.</p> <p>To ensure competitiveness, GWDB assists companies in analyzing wage statistics and aligning their wages with industry standards. Moreover, Incentive Wage Training (IWT) funds are available to train employees, enabling businesses to meet their expansion needs while hiring entry-level positions.</p> <p>Encouraging collaboration, employers are urged to tap into resources available in neighboring counties, including attending job fairs. Through active participation in GWDB meetings, committees, and teams, staff ensure that employers have a strong presence in high schools and the college system, fostering a seamless transition for students into the workforce.</p> <p>To enhance diversity, equity, and inclusion (DEI) efforts, both the Board and Career Center staff regularly undergo DEI trainings. Our commitment extends to ensuring that our job fairs are held at venues accessible to all, thereby removing barriers to participation. Moreover, we ensure that job fair flyers are available in English, Spanish, and Haitian Creole to cater to diverse linguistic needs.</p> <p>The Board and Career Center staff are dedicated to serving all individuals, particularly those facing various obstacles. Collaborating closely with employers, GWDB has assessed their benefits packages and enhanced their salary structures to align with local standards, ensuring competitiveness in attracting both existing and prospective employees, thereby expanding their applicant pool and fostering high morale and retention rates among staff. Additionally, GWDB prioritizes skill development and career progression, offering Individualized Worker Training (IWT) funds to empower employers in upskilling their workforce, facilitating salary raises, and facilitating promotions.</p>
<p>6. Describe how the Local Area WDB ensures that individuals from underserved and underrepresented communities have equitable access to the services of the workforce system and the jobs created in the economic growth spurred by federal investments.</p>	<p>The GWDB team consistently participates in Diversity, Equity, and Inclusion (DEI) training sessions available to local employers. Furthermore, GWDB actively partners with employers to tap into specialized labor pools, particularly targeting underserved job seekers. For instance, GWDB provides employers with valuable resources and incentives, such as the Work Opportunity Tax Credit (WOTC), to encourage the hiring of ex-offenders. Given that many employers may be unaware of the benefits of WOTC, it serves as an invaluable tool to facilitate targeted population recruitment efforts. In collaboration with probation officers and reentry specialists, GWDB extends support to both employers and job seekers, equipping them with resources aimed at facilitating successful transitions for these individuals.</p> <p>We always ensure that workforce centers and services are physically accessible to individuals with disabilities. Describe how the Local Area WDB is engaged in work-based learning projects with local employers.</p> <p>The Business Services Representative cultivates strong partnerships with employers to deeply understand their training requirements. Once identified, the Business and Employer Services Team (BEST) in the Gaston Local Area actively pursues resources to fulfill employers' needs. Gaston's BEST members distribute the Gaston's BEST Business Solutions Catalogue (sponsored by the Gaston County WDB) to all relevant employers, both new and existing, in Gaston County. This catalogue serves as a comprehensive reference for employers, providing solutions for various workforce challenges, including contact details for each resource along with a concise overview of offered solutions.</p> <p>Regardless of which member(s) of Gaston's BEST engage with an employer, any member can smoothly transition the company and its needs to another member who can offer additional solutions. If Gaston's BEST does not currently have a solution for an employer's needs, they collaborate to develop one tailored to the employer's requirements. The Business Services staff member at the Gaston County WDB places significant emphasis on work-based learning, utilizing various avenues such as Work Experience (WEX), On-the-Job Training (OJT), Transitional Jobs for individuals with inconsistent work histories, Apprenticeships for Adults, and Pre-Apprenticeships for Youth/Young Adults through partnerships with Gaston College's Apprenticeship 321 Program, local employers, and training providers. Additionally, Job Shadows and Internships are available for those pursuing training or work-based learning opportunities.</p> <p>As employers embark on their work-based learning projects, the BSR conducts regular check-ins to monitor progress and remains invested in the success of both participants and employers.</p>
<p>8. Briefly describe how the local board will ensure the continuous improvement of eligible providers of services through the system and ensure that such providers meet the employment needs of local employers, and workers and jobseekers.</p> <p>[WIOA Section 108(b)(6)(A)]</p>	<p>Training providers must offer and maintain focus on trainings that provide quality outcomes, not only for the participants, but for the communities and employers in the area. By aligning their programs with the goals and expectations of the GWDB, they are focusing their programs on skills and needs most relevant to local employers. The GWDB reviews performance of training and communicated industry needs to training providers so that programs can be developed or modified to meet industry demand. Providers must supply a variety of program-specific information, including a program description, program length, program delivery methods, tuition/costs, prerequisites, and credentials offered.</p>

Provide a description of how Career and Training services are provided to adults. b. Provide a description of how Career and Training services are provided to dislocated workers. c. Provide a description of how Career and Training services are provided to youth. <p>The NCWorks Career Center-Gaston is a resource for both individuals seeking employment and training as well as to employers seeking qualified job candidates. Our career center is a user-friendly facility providing job seekers with opportunities to attend workshops, meet with career advisors (virtually as well as in-person) for one-on-one job search assistance, explore funding for training, and to discuss Work-Based Learning opportunities such as On-the-Job Training, Transitional Jobs, Work Experience, Job Shadowing, and Internships. The career center offers access to career advisors, computers, faxes and copying at no cost aiding job seekers in their search. Services are delivered according to the one-stop delivery system's provision of career and training services. Integrated services are offered by three major functional teams: Welcome, Skill</p>

Development, and Employment services. Customers are served based on priority of service with Veterans given the highest priority. Career services begin with a registration in NCWorks online and an initial assessment, which could lead to basic career services including (but not limited to) resume, virtual recruiter, 3 job referrals, interest and/or skill assessments, job development, career counseling, workshops, or job readiness activities via a Wagner Peyser application entered in NCWorks Online. All customers receive referrals to appropriate career centers and community-based partners that can assist the customers with barriers and goals. Customers are informed about WIOA Individualized & Training services and offered the opportunity to talk with a WIOA staff member and/or attend a WIOA orientation. WIOA case managers meet with customers to discuss the availability of Adult/DW /Youth training opportunities or intensive job search assistance. If training services are requested, the case manager assists with exploring training providers, providing course information, registration, and program costs, in addition to TABE testing for Youth and/or interested Adults. To receive WIOA funded training, the customer must meet eligibility requirements, the training provider's requirements and be determined to need training as outlined in the training justification form. The case manager is required to develop an individualized plan with the participant, identify the participants goals along with appropriate objectives, and the decide (with the participant) which combination of services is most appropriate for him/her to achieve his/her goals. Individual counseling, career planning, case management, and job readiness activities are key components to aid in a participant's success. The selection of a training program, training provider, and/or type of WIOA services should always consider the goals and interests of the participant, as well as the demand for the specified occupation in the local area. Training providers and programs are linked to occupations in demand and provided in a manner that maximizes informed consumer choice in selecting an eligible training provider. ITA's are issued for those seeking training- related financial assistance not covered by financial aid. Career and Training Services are provided until the customer has successfully reached their employment goal and/ or self-sufficiency.

4. Describe how Local Area WDBs determine the need for enrollment in Training Services.

When a customer is referred to WIOA by ■WS, walk-in's, community college or other partner agencies we invite them to attend an Orientation session. We verify if they have registered with NCWorks and if not, we require that they complete the registration process. We request the customer complete a WIOA application and an interview is scheduled concurrently. This allows case managers to have an open dialogue with the customer about work experience and training interests to see if the customer is a good fit for training. We request that the customer complete a Training Request packet to explore costs of the requested program, school of choice, duration of training, support while in training, transportation, childcare barriers, or any other issues that may cause the customer to not be successful. The review team studies each case to make sure that the customer has provided all necessary WIOA documentation and would be a suitable fit for training based on family situation, current employment, and if training is necessary or if the customer already possesses marketable skills.

5. Describe how follow-up services are provided through the NCWorks Career Centers. [WIOA Section 134(c)(2)(xiii)]

<p>Case managers follow up with all WIOA participants for an additional 12 months upon the customer's exit from the WIOA program. Each WIOA case manager will complete their own case follow-up calls to ensure quality and consistency. The customer is contacted via phone or email once a quarter and follow up is attempted. If customer has received a raise, promotion, or job change, a new Employment Verification is requested and if the customer needs further services such as job search, arrangements are made to conduct an appointment with that customer to complete a new NCWorks, resume and job search for customer. This process and outcome are also documented in each person's case file.</p>	
<p>6. Describe how:</p> <ol style="list-style-type: none"> New NCWorks Career Center staff (DWS, service providers, and partner staff) are trained in the integrated service delivery system model (include a training timeline). How long after the initial start date does staff have full access to NCWorks.gov? The staff development activities reinforce and improve the initial training efforts. Describe the specific training that staff receive around diversity, equity, inclusion, and accessibility. 	<ol style="list-style-type: none"> The onboarding process begins with a review of all LA Policies and Procedures, followed by an extensive overview of the NCWorks Online System and how it is used to track customer activities, services, and documents. The staff member receives an overview of programs, and an introduction to Integrated Service Delivery via the NC Workforce Training Center's Welcome to Workforce Module and by observing the welcome team, skills team, and employment team services. After that, the Career Center Manager is responsible for providing an overview of WIOA, DWS, and partner services such as RESEAs, EAs, Front Desk Greeting, and Career Resource Center. The Career Center Manager provides LA Policy and procedures training for the front desk, Career Resource Center, and VOS Greeter. The Career Employment Services Manager for DWS provides RESEI/EAI training for Career Center staff within their first 90 days of employment. Once complete, certain programs have their specific onboarding training plan initiated and signed by the Program Manager, Career Center Manager, and/or Super User depending on which part of the training plan is being completed. Once the training record is submitted to the WDB, NCWorks Online training is set up for WIOA contracted trainees with WDB staff. This training is usually scheduled for the next week and is completed within 1-2 days. NCWorks Online Access is given by the WDB Super user after the LA Policy & Procedures and NCWorks Online training has been completed. Beyond initial training, staff are asked to participate in training site webinars/workshops, local area training or other pertinent staff development provided throughout the program year. Verification of staff training for new hires and seasoned staff is provided to the Gaston WDB WIOA Coordinator and kept on file for future reference, should the need arise. Training of staff is provided through the NC Works Training Center to ensure diversity, equity, and inclusion is held a high priority during service delivery, as well as during other interactions. Additionally, board staff are given an additional opportunity to receive DEI training through DSS.

<p>7. Briefly explain coordination with the Trade Adjustment Act (TAA) to maximize resources and prevent duplicative services. Please include specific details on how case managers for WIOA and TAA programs coordinate to provide seamless services to eligible participants.</p>	<p>A list of TAA participants is provided to the WIOA AD/DW case managers so that the customer can be contacted and begin the co-enrollment process. The customer does have to be approved into NCWorks as well as the training provider they are requesting. Once the customer is enrolled in WIOA the case manager coordinates with the TAA case manager to arrange appointments for the same day so that the customer is not inconvenienced. We would discuss what TAA is covering so no duplication of funds occurs and plan accordingly for each customer. For example, if TAA covers tuition, but cannot cover transportation, WIOA can pick up to supplement while the customer is in training.</p>
<p>8. Briefly describe how the NCWorks Career Center serves persons with disabilities.</p>	<p>All Career Centers are ADA compliant and have access to auxiliary aides upon request. Center Staff have a quick reference guide which includes contacts and phone numbers for organizations that are certified to assist individuals with disabilities. Additionally, staff are trained annually to comply with EO mandates by providing equal opportunity to consumers and are cognizant of serving all consumers accordingly. As a part of the state Career Center Certification process, the NCWorks Career Center must pass an ADA compliance inspection of both the parking lot and building with regards to appropriate access for customers with disabilities. Customers self-identify disabilities and if reasonable accommodation is needed (such as large print or hearing-impaired services, etc.) those are provided. Career Center staff provide partner referrals to Vocational Rehabilitation. WIOA serves persons with disabilities under the LA Priority of Service.</p>
<p>9. Briefly describe the integrated service delivery strategy for serving employers and how the Local Area WDB staff and staff within the NCWorks Career Center coordinate outreach strategies and services to maximize resources and prevent duplicative services.</p>	<p>In the Gaston Local Area, our integrated service delivery strategy for serving employers is accomplished through the collaboration efforts of the local workforce team called Gaston's B.E.S.T. Gaston's BEST is led by the Gaston WDB and members are identified and chosen if they are partners/contributors to the development of the local workforce. Members include employer/business-based representative(s) from such agencies as Gaston Community College, Apprenticeship 321, Small Business Center, Gaston County Schools, Vocational Rehabilitation, Division of Workforce Solutions (DWS), GBA (Chamber of Commerce), NCWorks-Gaston, Goodwill Industries, and Gaston County Economic Development Commission. This employer/business focused team meets quarterly (or more often if necessary) to strategize regarding the state of the local workforce, forecast future changes in the local economy, identify new or existing companies in addition to addressing their needs with existing business solutions or (when necessary) developing new business solutions. Members routinely go out to meet employers in groups of 2-3 (on behalf of the entire team), to interview them, access their needs one-on-one, and give them a Business Solutions Catalogue to reference when the business has additional needs in the future. This practice was developed in previous response to past</p>

Employer Needs Surveys and the 1000 in 100 campaign, where employers identified their desire to have their needs addressed by a group/team of workforce representatives rather than by each individual organization calling on them separately.

10. Describe Local Area WDB strategies and services that will be used to strengthen linkages between Local Area WDBs and the NCWorks Career Center system and unemployment insurance programs. [WIOA Section 108(b)(4)(A)(iv)]

All Center staff who are responsible for Wagner-Peyser and WIOA services will assist in the completion of scheduled RESEA and EAI appointments. These customers are provided assessments, resume updates, job placement services, information on workshops and skills upgrades specific to UIB recipients and information on the use of the NCWorks system. UIB recipients are encouraged to follow up with more intensive job placement assistance available at the Career Centers or independently access NCWorks from their mobile devices or home computers.

The NCWorks Career Center-Gaston schedules and conducts Reemployment and Eligibility Assessments (RESEA) and Employability Assessment Interviews (EAI) for individuals who are collecting unemployment insurance. RESEA/EAI customers are required to report to the career center, via virtual or in-person avenues, to ensure that their benefits are not affected. The avenue used for the customer's attendance of the RESEA/EAI interview is determined by their level of personal comfort with virtual services and the level of accessibility they have to technology resources at their disposal. If a customer reports in person to conduct the appointment, they must sign the Attestation of Request for In-Person Appointment which is then scanned into NCWorks online. During the assessment interviews, staff provides the individual with job leads and refers them to other services including orientation to programs and services, workshops to assist them in their employment search, or career advisors for potential funding to return to school. Job seekers who participate in RESEA/EAI appointments go through the same experience/client flow process as all the other job seekers entering the NCWorks Career Center and this ensures all job seekers receive the same services and opportunities. NC Works Career Center-Gaston and Gaston WDB staff participate in monthly NCWorks Career Center leadership team meetings to ensure the NCWorks Career Center team (onsite & off-site career center partners) and the Gaston WDB staff have a strong linkage of communication and that all staff have access to consistent and regular technical assistance, guidance, labor market intelligence, etc. This supports alignment between the workforce board, NCWorks Career Center team, and unemployment insurance programs. To ensure alignment, the DWS Regional Operations Director has an open invitation to participate in any of these activities, meetings, trainings, etc. - as often as time allows scheduling constraints will permit.

- a. the review process and the frequency of review for the NCWorks Career Center system in the Local Area, including processes for ensuring quality customer service; and
- b. the roles and any resource contributions of the NCWorks Career Center partners. [WIOA Section 121(a)(3)] [WIOA Section 108(b)(6)(D)]

GWDB conducts NCWorks Career Center management Team Meetings on a bi-monthly basis with all center partners represented at the table. Discussion is focused on improvement of services, maintaining high customer approval, initiatives and opportunities within the Local Area that would allow for increased exposure of Career Center services and enhance public awareness of the extensive services offered and ensuring that services and activities conducted within the centers or by center staff is meeting job seeker and employer needs.

To ensure an efficient customer service flow at the NCWorks Career Center and service provider locations, GWDB conducts every other month unplanned visits. During these visits, staff focuses on customer flow, cleanliness, organization, updated signage, and compliance of all WIOA policies and protocols.

The Local Area conducts a monitoring of their WIOA Service Providers at least annually and including areas such as financial accuracy, programmatic implementation, WIOA & LA Policy Adherence, data validation & program eligibility, E.O. Compliance, and ISD service delivery. One Stop Operations is also reviewed for compliance.

Additionally, the Adult, Dislocated Worker, and Youth Service Providers & Career Center

Management/Functional Leaders are expected to complete monthly (at minimum) random quality checks of each of their team member activities (WP & WIOA Intakes, Active Cases, Exits, and Follow-up Cases).

To improve the Board's understanding and ability to ensure services are meeting consumer and employer needs, it has procured a survey platform to capture customer (both participant & business) and partner responses. The Gaston WDB, along with the Career Center Manager, will review the responses and take appropriate action as needed for areas of identified concern or where additional adjustments need to be made in offerings and/or availabilities.

The GWDB Coordinator holds monthly one-on-one meetings with the Career Center Manager and program managers to ensure customer service, LA Policy, and financial procedures are being followed effectively and timely. GWDB management and Career Center management also hold a combined monthly meeting to have honest conversations of any concerns and provide guidance to ensure timely resolutions.

13. Describe how the Local Area WDB facilitates access to services provided through the NCWorks Career Center delivery system, including in remote areas, through the use of technology and through other means. [WIOA Section 108(b)(6)(B)]

Customers are given the option to complete WP, WIOA and follow up services virtually or in person or a hybrid of these depending on their individual needs. Appropriate space and equipment are provided based on customer need and traffic including:

Access to NCWorks Online (internet access including Wi-Fi)

Computers/laptops for public use

Phone, and printer/fax/copier for public use

Space for workshops and/or group trainings

Centers have a phone/voicemail system supported by trained staff so that call-in customers can quickly and efficiently access information and services. The Career Center utilizes the Amazon Web Services (AWS) telephone for outgoing calls when conducting virtual appointments. NCWorks Online offers a Live Chat feature to customers for quick correspondence with staff, as well as the internal messaging feature. Staff are also able to utilize other virtual meeting platforms to conduct customers' pre-intake, enrollment and follow up services, such as Microsoft Teams or Zoom.

14. Describe how NCWorks Career Centers are using virtual technology to provide integrated, technology-enabled intake and case management information systems for programs carried out under WIOA including youth programs, and programs carried out by NCWorks Career Center partners. What software are NCWorks Career Centers using? [WIOA Section 108 (b)(21)]

Customers are given the option to complete WP, WIOA and follow up services virtually or in person or a hybrid of these. We also utilize MS Teams and texting if needed for quick assistance. NCWorks Online offers a Live Chat feature to customers. The Career Center utilizes the Amazon Web Services (AWS) telephone for outgoing calls when conducting virtual appointments. The two statewide AWS operators answer incoming calls through the NCWorks Vanity number and provide the career center telephone number based on the customer's county of residence. VOS greeter has also been added to provide electronic sign-in and allow staff to run reports for those being served and reasons service is rendered.

WP, WIOA services can also be completed off site if a customer cannot come to the Career Center due to transportation barriers. Public places such as the library or community college could be used if traveling to the Career Center proves to be difficult. WIOA staff are using Adobe to sign pre-intake documents, ITAs, and supportive service requests. Virtual meeting platforms can be utilized to conduct customers' pre-intake, enrollment and follow up services, if the customer prefers that over in-person services. Both in-office phones and work cell phones also allow for quick and efficient engagement with customers whether in the office or working from a different location. Remind app is utilized to provide a free, safe, and private messaging system for staff and participants. Outreach, recruitment, and workshops can also be provided in-person or using virtual platforms. If a Workforce Innovation & Opportunity Act Title Partner is not available on-site to assist a customer with the desired partner service, a soft hand-off of the customer to the partner agency is completed by the career center staff or management member to ensure that customer receives appropriate customer service. Desk space, computers, signature pads, and printers are provided on a scheduled basis to career center

partners who are interested in providing their services onsite or virtually to the career center customers. WIOA Title Partners are given scheduling priority.

15. Describe how entities within the NCWorks Career Center system, including Career Center operators and partners, will comply with Section 188, if applicable, and provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) regarding the physical and programmatic accessibility of facilities, programs and services, technology, and materials for individuals with disabilities. [WIOA Section 108(b)(6)(C)]

All Career Centers are ADA compliant and have access to auxiliary aides upon request. Career Staff have a quick reference guide which includes contacts and phone numbers for organizations that are certified to assist individuals with disabilities. Additionally, staff are trained annually to comply with EO mandates by providing equal opportunity to consumers and are cognizant of serving all consumers accordingly. As a part of the state Career Center Certification process, the NCWorks Career Center must pass an ADA compliance inspection of both the parking lot and building with regards to appropriate access for customers with disabilities.

Customers self-identify disabilities and if reasonable accommodation is needed (such as large print or hearing-impaired services, etc.) those are provided. Career Center staff provide partner referrals to Vocational Rehabilitation if necessary or upon request, and work with Vocational Rehabilitation to develop strategic outreach plans that reach people across the spectrum of disabilities and other underserved populations. All Career Center staff and partners operate with customer satisfaction in mind, and all customers are encouraged and allotted an opportunity to complete a survey at any point during their interaction with staff to provide feedback on their level of satisfaction. WIOA and partners serve persons with disabilities under the LA Priority of Service.

VI. Employer Services

1. Please describe the efforts of the Local Area WDB staff, Employer services staff and Career Center staff have made to deliver business services on a regional basis in the following areas:

- Utilizing regional and local economic data to inform priorities [WIOA Section 108 (b)(1)(A)(i)(ii) and (B)].
- Collaborating with employer-facing partners such as Agricultural Services, Foreign Labor and Veteran Services to meet employer needs and jobseeker recruitment efforts.
- Providing local and regional Rapid Response services, including identifying struggling and at-risk businesses and providing services to help avert layoffs. [WIOA Section 108 (b)(8)]
- Coordinating with DWS TAA and Business Services staff to provide Rapid Response assistance and appropriate career and training services to workers for whom a petition has been filed. (20 CFR 618.81 (6))
- Including Historically Underutilized Businesses (OG 20-2021)

a. Our Business Services Representatives, Employer Services Team, and other members of Gaston's BEST work diligently on behalf of all Gaston Local Area employers/businesses to listen to their challenges first and provide or develop appropriate solutions to their needs. A part of being prepared to do so is by ensuring we are educated on local and regional employment and occupational related data and statistics including labor market information, trends, occupational outlooks, commuting patterns, etc. The Gaston WDB utilizes NCWorks LMI data, JobsEQ data, US Census Reports and Maps, as well as additional other resources. The Gaston County WDB and other boards in the Southwestern Region have collaborated with regional employers, educators, and other applicable partners to develop and effectively implement three Career Pathways that are relevant to our region and will continue to do so when it is appropriate. We are working with one of our Gaston's BEST Team Members, from the Gaston Business Association (GBA), along with our other workforce partners to utilize local and/or regional data from industry sector-based groups of employers to offer solutions that addresses the employers' most significant needs with their indicated highest priorities being given the most significant importance.
b. Career Center Staff can make referrals to Agricultural Services Employment Service Consultant for employers requesting Ag Services and/or Foreign Labor. The Career Center staff have a Veterans Rep on staff to work with our veteran population as well as a Vet Rep to work with employers.
c. GWDB collaborates with neighboring regions to offer comprehensive services to businesses, aiming to prevent potential layoffs through initiatives such as training funds and other cost-free resources. Additionally, the Board engages the expertise of IES from the state level, particularly for training needs that may mitigate the occurrence of layoffs. Furthermore, the GWDB BSR strategically utilizes data on businesses receiving economic development grants and those with outstanding back taxes to prioritize assistance for vulnerable businesses, thus mitigating potential layoffs stemming from financial instability. At times we can offer Incumbent Worker Training funds to mitigate the possibility of a layoff occurring.
d. Adults and dislocated workers covered by a certified petition filed for Trade Adjustment Assistance (TAA) will be granted approval for training and may be eligible for dual enrollment between TAA and WIOA. Upon petition filing, all Rapid Response services are coordinated between DWS TAA and WIOA to support these participants effectively.
e. GWDB is dedicated to advancing economic opportunities for historically underutilized businesses by actively engaging in contracting and procurement initiatives to support their expansion and profitability. Leveraging the HUB website, we effectively advertise our bidding opportunities for construction, goods, and services contracts to members of the Historically Underutilized Businesses group. This ensures that notifications reach our targeted audience, encouraging them to submit relevant proposals or bids in response to solicitations that align with their business interests. Additionally, we engage in personalized outreach efforts, reaching out directly to local historically underutilized businesses, vendors, and service providers located in Gaston County. This initiative-taking approach underscores our commitment to fostering growth within this identified local area.

2. Please describe employer-focused partnership efforts in the areas of education and training and economic development in the following areas:

a. Enhancing the use of On-the-Job Training (OJT), Incumbent Worker Training (IWT), apprenticeships, and other work-based learning opportunities to support the regional economy and individuals' career advancement. b. Coordinating and promoting entrepreneurial skills training and microenterprise services. [WIOA Section 108 (b)(5)] c. Participating in regional economic strategic planning and economic development recruitment, retention and expansions with employers, education partners and economic developers. [WIOA Section 108 (b)(4)(A)(iii)].
a. The Business Services Representative (BSR) for the Gaston County Workforce Development Board has curated a comprehensive packet of flyers and resources. This packet serves as an informational compendium detailing all Work-Based Learning Programs and additional services available. During meetings or on-site visits, the BSR distributes these packets and engages various groups, providing elucidation on the breadth of services and programs offered. Through close affiliations with numerous training providers, the BSR facilitates heightened utilization of Individualized Worker Training (IWT). Local trainers collaborating with multiple companies within the county enable a streamlined referral process for companies to access IWT funds.
b. The BSR directs individuals exploring entrepreneurship opportunities to the Gaston College Small Business Center.
c. GWDB plays a crucial role in fostering employer-focused partnerships within the realms of education, training, and economic development. Some of the ways these partnerships are cultivated during regional economic strategic planning and development initiatives: A. Gaston WDB collaborates with employers, education partners, and economic developers to conduct comprehensive needs assessments. By identifying skill gaps and industry demands, we then work with educational and training programs to meet the workforce needs of local businesses. B. In partnership with economic developers and employers, Gaston WDB engages in workforce recruitment and retention initiatives. By promoting the region's workforce capabilities and facilitating talent acquisition strategies, we help attract businesses to the area and support existing employers in retaining skilled employees. C. Gaston WDB helps establish sector-based partnerships (such as manufacturing), bringing together employers, education partners, and economic developers within specific industries or sectors. These partnerships facilitate targeted workforce development efforts, ensuring that training programs align with the needs of key sectors driving the regional economy. D. Collaboration between Gaston WDB, employers, and economic developers involves the sharing and analysis of labor market data. By understanding industry trends, workforce demographics, and economic forecasts, stakeholders we can make informed decisions regarding workforce development strategies and economic planning initiatives.

<p>1. Examine the Local Area WDB's current Adult, Dislocated Worker, and Youth performance on the Federal Primary Indicators of Performance for PY 2022-2023 and prior Program Years. (Reports available via FutureWorks BI.) What are some factors that have impacted performance levels both positively and negatively in the current program year?</p> <p>a. Provide at least two examples of positive factors and two examples of negative factors with an explanation of each. Some examples to consider include:</p> <ul style="list-style-type: none"> • unemployment rate • factory closures/openings • economic development recruitment • retention and expansion efforts • regional industry growth priorities • weather events and natural disasters that may have impacted the area • internal operational factors <p>b. Are there any factors that you anticipate will impact your performance during the upcoming program year(s) either positively or negatively?</p>

<p>Performance factors that have impacted performance levels positively are recovery from the COVID-19 pandemic, increased walk-in traffic, referrals from partner agencies, and word of mouth from current and past participants that have been positively impacted by the NextGen Program. Negatively, factors include the local area offerings of programs that are not inclusive of what is being requested by potential participants, a narrow range of short-term training providers within the local area. The local area is a strong manufacturing area, and many potential participants are seeking more entrepreneurial career paths that are not manufacturing or medical.</p> <p>Positive Factors: Gaston County continues to grow in the manufacturing area with new companies that offer competitive salaries and benefits. Companies have elected to locate to Gaston County due to the workforce system, economic development system, our education system and much more.</p> <p>Negative factors: The COVID-19 epidemic has a lasting effect on the workforce in Gaston county. Although the unemployment rate is relatively low, some factories closed and did not re-open. This has made it difficult to recruit and retain individuals, causing employers to increase their wages and incentives to recruit and retain workers. Companies continue to find themselves unable to recover after the pandemic due the inability to compete with local, county, state, regional and national salary increases.</p>

<p>2. What strategies and methods are in place to meet or exceed performance goals? Include information about tracking performance, ensuring accountability of positive performance outcomes, and training. Consider including the following information:</p> <ul style="list-style-type: none"> • Who is responsible for tracking performance? • Which reporting resources are used? • Is FutureWorks BI employed? If so, how, and how often? • How often is training provided to staff? 	<p>Our LA Performance Accountability Specialist (PAS) is responsible for tracking performance with our contracted staff. Our PAS utilizes FutureWorks at the minimum monthly to compare NCWorks Reports to ensure accuracy of data. Any deficiencies identified are communicated to the contractors. In addition, all contractors are required to track performance and submit monthly reports. The PAS will review these reports as they are submitted to ensure they stay on top of performance issues and that we are on track to maintain or improve performance for all goals. The PAS will work closely with the contractors, providing technical assistance, including training, one-on-one meetings, and constant communication with staff as needed. The Specialist requires our program managers to run quality checks on their staff's intake and case management activities at least monthly and the WDB monitors at least annually. WIOA contracted staff and/or career center staff participate in at least monthly strategic meetings with their management at the career centers to discuss performance, outreach efforts, and enrollments. These staff are also provided quarterly program performance data and trained as needed on procedures related to entering performance data in NCWorks Online by their management. Program managers submit a yearly performance plan that details their action plan on meeting performance measures and contract goals for the upcoming program year. The Specialist will meet regularly with contractors to discuss performance measures as needed, as these strategies are essential in order to maintain and improve performance in our local area. Our WDB performance is positively impacted by awareness at all staff levels. Training is provided by the board to program and career center management when policies are implemented and/or updated, or as needed due to performance or other issues. Career Center staff training, and refreshers are provided by Career Center and/or Program Managers throughout the program year and as needed when performance issues arise in order to ensure staff is properly entering information in NCWorks Online and are aware of how the system modules correlated to Federal Performance Indicators. All WDB Career Center staff have been formally trained on the Federal Primary Indicators of Performance and are provided a handout/summary to keep at their desk. NCWorks related training is conducted by the Performance Accountability Specialist for all Career Center and Board staff as well as new hires.</p>
<p>3. Discuss what corrective action steps are in place if, at any point during the program year, the Local Area WDB is not on track to meet or exceed yearly performance indicator goals.</p> <p>This question is intended to be hypothetical and is seeking what plan the Local Area WDB has in place to address failing performance, if it were to occur. Answers should address how the Local Area WDB:</p> <ul style="list-style-type: none"> • monitors performance, • communicates with staff, • makes changes to Local Area WDB performance and training strategies based on reporting data, 	

<ul style="list-style-type: none"> • and utilizes follow-up accountability measures. 	
<p>The Performance Accountability Specialist monitors performance monthly and tracks each contractor's performance measures to ensure contractors are meeting their annual negotiated performance measures and contract goals. If performance or goal issues arise, the WDB Coordinator will be made aware and board staff will meet with the contracted program management to discuss the issue, to put corrective actions in place to improve performance levels. Failing to meet yearly negotiated performance rates directly affects the Adult/DW contractor's profit payments. They are paid profit only for each performance measure that is successfully achieved at 100% of the negotiated performance rate at each quarterly interval. At the end of the program year, if the contractor achieves 90% of the state negotiated annual performance rate, a profit payment adjustment can be issued for that performance measure at year-end. The Youth Contractor is the community college system and is not a "for-profit" business, therefore they do not earn profit payments. Where contractor deficiencies are identified with performance measures or contract goals, required improvements will be implemented by board staff under existing contract mandates. Achieving contract goals is set in their signed service contract and can also affect their ability to continue receiving contracts to provide services. Non-Profit/Public contractors (example- the community college system) do not earn profit payments. Where deficiencies are identified, board staff schedules time to discuss the deficiencies with the contracted program management and/or contracted career center management. Any available reports, local guides, and trainings are provided to contracted program management and/or staff to assist in all necessary changes being made within 30 days (or other timeframes, if specified) that will result in the required improvements being accomplished. If the required results are not achieved, the local board can place the contracting entity on a corrective action plan. If the contracted program management fails to provide required training to staff; fails to implement required changes; fails to make adequate corrections; and/or fails to accomplish required performance improvements, the local board can evaluate the program contract for potential modifications. If the deficiency is egregious in manner, the program contractor can be given notice to end the current contract immediately or within 30 days- whichever the Workforce Development Board Director (or designee) feels is most appropriate give the situation.</p>	
<p>4. How is performance information shared throughout the hierarchy of staff? Please detail how the Local Area WDB addresses performance data in its relationship with its service provider(s) and how case managers are using performance data to drive Local Area WDB performance.</p> <p>Consider including the following information:</p> <ol style="list-style-type: none"> a. How is performance tracked in your organization? b. How is performance information communicated with staff? c. How are staff/contractors held accountable? d. How is training provided in your organization? 	
<p>Gaston has a designated Performance Accountability Specialist (PAS) whose primary function is to review activities within NCWorks and oversee adherence to performance goals and outcomes. The WIOA Coordinator and PAS review performance outcomes in FutureWorks as the updated data becomes available monthly. The performance reports are emailed and printed out, then shared at least quarterly with its contracted program managers and one stop operator (career center manager) at their in-person/virtual monthly manager meetings. The contracted management would then relay the reports to WIOA</p>	

<p>(Adult/DW/Youth) & WP career center staff members. This allows staff to be aware of the progression toward our performance goals and focus on areas where there could potentially be issues. Additionally, program managers are highly encouraged to utilize NCWorks predictive reports on a regular basis to further focus in areas of weakness and address it with their staff.</p>	
<p>5. Discuss the factors that contribute to the Local Area WDB's credential attainment indicator.</p> <ol style="list-style-type: none"> a. What are the challenges that the Local Area WDB faces in achieving its credential attainment goal? b. What are some of the strategies that contribute to the Local Area WDB's success in achieving its credential attainment goal? c. How do case managers make use of NCcareers.org and the NC Workforce Credentials list? <p>The challenges that contribute to the credential attainment indicator are life events such as the birth of a child, incarceration, lack of determination, change of career interest, lack of financial support to sustain monthly budgets; therefore, they quit training to go to work, and living displacements. In some cases, we have discovered the training provider did not provide adequate training and testing preparation to pass the required test, therefore, the credential was not obtained. Strategies that contribute to the achievement of credentials include strong case management support, hard work of case managers as a liaison and advocate for the participant in the cases were supportive services are needed/required, and clear, constant communication with the training provider in tracking participant progress. Case managers use NCcareers.org with all customer/participants to determine career interests, matches, and clusters to assist the customer/participant in the discovery of what career path matches their interests, skills, and abilities.</p>	
<p>6. When selecting an eligible training provider from the State Eligible Training Provider List to certify for local use, what is the review process the Local Area WDB uses to make this decision? How does the Local Area WDB ensure informed customer choice in the selection of training providers? In other words, how are customers advised that they have options in choosing their provider? [WIOA Section 108(b)(19)]</p> <p>Training Providers and Programs are reviewed by a NC ETP representative at the state level when one of two situations arises: the WIOA customer chooses a training provider that is not currently on the ETPL and the training provider wants to apply to be added or a local area provider contacts the GWDB directly and requests to apply to the NC ETPL. The LA ETPL representative refers the training provider to the NC ETP representative to be moved through the state's ETP application & approval process. Once the training provider is approved and added to the NC ETPL, the Training Provider can submit any training programs that it chooses to be evaluated for approval to be added to the LA ETPL. Apprenticeship providers can be evaluated to be added to our local ETPL, as well. The Gaston LA WDB has a "Provider Review Team" that consists of the Provider Specialist & WDB's WIOA Coordinator. To submit training programs for LA ETPL certification, the provider must have completed program descriptions in NCWorks Online for each program that they are seeking approval for. Training providers may submit programs for review at any time, this creates an opportunity to submit in-demand training programs as the needs of the local employers, workers, jobseekers change and/or grow.</p>	

<p>For Gaston WDB Certification, the training provider must provide proof of the following:</p> <ul style="list-style-type: none"> List of partnerships with specific local area employers (optional) Proof that the training program has been in existence for one year, Leads to an occupational skill resulting in a national and/or industry recognized credential identified by the Gaston WDB as in high demand. A list of employers who have hired graduates Description of how the program is different than others (time, cost, quality, and outcomes). <p>The following documentation is also requested by the local area, but is not considered a requirement:</p> <ul style="list-style-type: none"> Graduation/completion rate of the program for the last calendar year Job placement rate of graduates in the program for the last calendar year Percentage of graduates that obtained employment related to the program. <p>The Gaston L.A. Provider Review Team will review and either approve or deny the provider's programs for the local area based on the WDB's criteria. Program approvals for BCTPs are completed by the Gaston WDB switching the program "on" (under the provider certification section in NCWorks Online – click the LWIA button). Approval notifications are sent by the method in which the training provider selected (NCWorks Online internal messaging or email) when initially registering in NCWorks Online.</p> <p>If all application steps are completed correctly, and the Gaston L.A. Provider Review Team approves, the program shall be designated as a BCTP within thirty days of application approval. If the Local WDB has required additional forms to be completed, these forms must be submitted prior to certification as a BCTP.</p> <p>Training providers have the option to either submit the application documents electronically by mail to the following:</p> <p>Gaston Workforce Development Board 330 Dr. Martin Luther King Jr. Way Gastonia, NC 28052 Attn: Angela Karchmer</p> <p>Once the Training Provider receives approval for its program(s) to be added to the LA ETPL, a member of the local Provider Review Team notifies the NCWorks-Gaston Career Center Manager, WIOA Adult/DW Program Manager, and the WIOA Youth Nexigen Program Manager. If the Training Provider is new to our local area, a presentation to career center staff and management at the adult and youth career centers can be arranged with the provider by the provider specialist.</p> <p>If any of the provider's programs are denied, a provider case note is added to NCWorks, and a notice is sent to the provider. The provider has rights to appeal the decision, should they choose to do so.</p> <p>1. Indicate whether the Local Area WDB has additional requirements for training providers above and beyond those requirements stated in the State ETPL policy. Does the Local Area WDB make use of USDOL's trainingproviderresults.gov website in its evaluation of which training providers to certify for local area use? If so, how?</p>
--

<p>Yes. Please refer to our ETP Policy 22017-03. Gaston WDB does not utilize the trainingproviderresults.gov website at this time.</p>

VIII. Equal Opportunity

<p>1. Describe processes to ensure individuals are not discriminated against based on age, disability, sex, race, color, or national origin. [WIOA Section 188]</p> <p>GWDB staff conducts EO training for all center staff annually and as needed. GWDB staff operates its program, services, and activities in compliance with federal nondiscrimination laws. No person shall, on the basis of race, color, national origin (including limited English proficiency), disability, religion, sex, or age, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any of our programs. GWDB staff completes random case monitoring monthly to ensure that individuals are being provided proper access to services without discrimination. The WDB also requires that it be provided with a copy of any claims of discrimination by consumers within two business days and follow up immediately to investigate and/or resolve any issues. Each Career Center staff must post EO guidance and information for consumers to follow should they feel that discrimination has occurred. The GWDB does not tolerate discriminatory conduct of any kind. The GWDB require all staff to adhere to EO policy and would recommend disciplinary action up to and including discharge of any individual or contractor determined to have willfully engaged in discriminatory actions.</p>

The services are provided in a timely and efficient way from the start of the pre-intake process to the time of review team and WIOA enrollment. If there are issues with training providers, the case manager notifies the Program Manager who sends information to the WDB to look into and contact service provider. Our WIOA team tries to ensure that each customer feels heard and taken care of through the training period and following through monthly counsel and follow up.</p> <p>b. Any weaknesses of training providers are identified and forwarded to the WDB Clerk to the Board. <p>5. Describe the Local Area WDB's vision for serving the WIOA eligible Adults and Dislocated Workers to include (a) high level goals, (b) outreach strategies, (c) services delivery, and (d) expected outcomes.</p> <p>GWDB vision for servicing the WIOA eligible Adults and Dislocated Workers are that each strive to reach goals to ensure that adults seeking more prominent careers and dislocated workers aiming to regain employment in our workforce is completed successfully. We have built relationships with our partners such as Vocational Rehabilitation, Gaston College, Cathy Mabry Cloninger Center, Hope United, Catherine's House, Recovery Court, and many others to ensure growth and exposure to groups that have not been reached in the past. Coordination with Division of Workforce Solutions is paramount to reach dislocated workers as this customer base is supported through the Career Center and Rapid Response sessions. 6. Describe the Local Area WDB's method for ensuring that a sufficient number of adults receiving individualized career and training services in the Local Area are from one of the following priority of services categories: public assistance, low-income individuals and individuals who are basic skills deficient. [134(c)(3)(E), 3(24)]

We ensure that those that are low income, receiving public assistance, or have basic skills deficiencies are served in a variety of ways. We partner closely with the SNAP and TANF programs with the Department of Social Services and complete WPs as a requirement for those receiving TANF. This allows us to speak further into our WIOA services for those customers. We also work closely with Gaston College for those who need to receive TABE testing to gauge BSD status and provide proper referrals upon completion of TABE for ABE, GED, or AHS services. We also work with Gaston Literacy Council for BSD or those with language barriers that could affect their job search process. GWDB monitors the Adult & Dislocated Worker service provider is meeting performance measures through monthly reporting. An action plan is put in place for any performances that are lacking.

7. Describe follow-up services provided to Adults and Dislocated Workers. [WIOA Section 134(c)(2)(xiii)]

The Gaston LA provides the following during participants' 12 months of follow-up:

- o Additional Job Search Assistance
- o Job Retention Information
- o Conflict Resolution/Workplace Counseling
- o Individual Counseling
- o Supportive Services

Follow-up Services are provided to all Gaston County WIOA participants who have soft exited, to ensure that the participant remains successful in meeting their long-term goal – self-sufficiency employment that lasts 12 months or longer. When appropriate, the case manager schedules the customer to meet with them so the case manager can determine if the customer is still working in unsubsidized employment or still in post-secondary education and whether the participant needs additional assistance. The case manager scans the necessary proofs of contacts made into the participant's Staff Documents Tab in NCWorks.

Follow-up results are keyed into NCWorks, within 15 days from the last day of the each required quarter. In Gaston LA, we do not require follow-up services on participants who meet the requirement(s) for hard exit (due to global exclusion). Neither do we require follow-up services on participants who soft-exit due to at least two "unsuccessful attempts to locate" in writing.

Per Training and Employment Guidance Letter (TEGL) 19-16 and Section 134(C)(2)(d), funds described shall be used to provide career services, which shall be available to individuals who are adults or dislocated workers through the one-stop delivery system and shall, at a minimum, include - (xi) follow-up services, including counseling regarding the workplace, for participants in workforce investment activities authorized under this subtitle who are placed in unsubsidized employment, for not less than 12 months after the first day of the employment, as appropriate.

8. Please describe the process for monitoring the service provider(s) in the Local Area WDB. Include details such as how it is conducted, who is involved, and how often.

The WIOA Program Manager monitors 100% of cases over a set period by completing monitoring checklist and notifying case managers of any corrections needed. Review Team, WIOA enrollment, and case exit procedures are also times when cases are checked for quality and accuracy. The Contractor has an internal monitor that checks cases and provides instruction for case managers and the Program Manager for corrections quarterly. GWDB Performance Accountability Specialist also monitors programmatic cases and prepares those results monthly so that case files are accurate and organized.

The service providers provide a quality control aspect on both the fiscal and programmatic monitoring through an in-house monitor. They regularly review cases and expenditures to ensure policy and protocols are being followed. The GWDB Performance Accountability Specialist thoroughly examines each monthly invoice for allowable costs and proper documentation from the program providers.

X. Youth Services

USDOL provides funds to states who in turn provide local workforce areas resources to deliver a comprehensive array of youth services that focus on assisting out-of-school youth and in-school youth with one or more barriers to employment, prepare for post-secondary education and employment opportunities, attain educational and/or skills training credentials, and secure employment with career/promotional opportunities. USDOL and North Carolina's priorities are:

- *Out-of-School Youth (OSY) – A minimum of 75% of the Youth funds allocated to Local Area WDBs, except for the Local Area WDB expenditures for administration, must be used to provide services to OSY;*
- *Work Experience – Not less than 20% of Youth funds allocated to the Local Area WDB, except for the Local Area WDB expenditures for administration, must be used to provide paid and unpaid work experiences; and a*
- *Focus on Partnering – Co-enrollment encouraged where appropriate with Title II and IV.*

<p>1. Based on the analysis in question 1, does the local Workforce Development Board plan to serve In-School Youth?</p>
<p>Yes. Program Year 2023-2024 marked the beginning of the inclusion of serving In School Youth. ISY is an untapped population in high poverty areas that are low income and in Title I schools that could benefit from the services offered by the NextGen Program. Outreach efforts are in place to gain present in all the local area high schools and middle schools. We strive to provide a better foundation for soft skills, technical skills, and career success. The effort has slow traction currently; however, we hope to change this.</p>

USDOL granted North Carolina a waiver for Program Years 2022 and 2023, which reduced the minimum Title I Youth expenditure rate requirement for OSY from 75% to 50% and allowed the maximum expenditure rate for in-school youth (ISY) to be increased from 25% to up to 50%. NC is requesting the same waiver for Program Year 2024.

10.	Provide the Local Area WDB's approach to meeting the required 75% minimum (NextGen) youth expenditures on out-of-school youth and include special outreach efforts and highlight planned program design.
<ul style="list-style-type: none"> a) State how the WDB will achieve the 75% OSY expenditure rate and describe the steps that will be taken to comply with the WDB's programmatic goals and outcomes. b) Describe why there is a need to serve additional ISY in the local area region and state how the WDB will achieve the 25% ISY expenditure rate. c) Describe how the local area region will be able to meet the demand for youth services by using the waiver. 	
[WIOA Section 129(a)(4)(A)] [CPS 09-2021, Change 1] (OG 07-2022, Change 1)	

The Gaston WDB requires that our WIOA NextGen Youth contractor enroll 50% of OSY and 50% of ISY. Currently, the Gaston Local Area has a limited number of ISY enrolled. Outreach efforts are achieved through social media, websites, communications across the college campus and at the Life Skills Building where GED classes are offered. Additionally, the Youth program manager is in the process of contacting all principles and guidance counselors in the local area to provide outreach to ISY and provide resources to the schools. Gaston College also allows a NextGen Youth Staff member to attend the GED Orientation session to promote the NextGen WIOA program and recruit interested individuals.

GWDB has found it challenging to target, enroll, and maintain participation for the OSY. With the decrease of the expected OSY to be served and the increase of ISY to be served, GWDB anticipates meeting programmatic goals. GWDB has implemented a relationship with DSS Child Protection Services to make automatic referrals for all Foster Care Youth to WIOA. Our local area Foster Care youth and young adults are primarily considered ISY and with the referral process in place, we are expecting a natural increase of in school youth served.

GWDB will rely on the partnerships that already exist with other agencies to continue the referral process for all youth to WIOA. GWDB is fortunate in its close relationship with Gaston County schools and DSS Child Protection Services. GWDB staff will continue to hold refresher training to promote WIOA services offered with partner agencies that assist youth to remind them of the services that are available.

11. How does the Local Area WDB ensure that the minimum of 20% of funds is spent on work experience and is the Local Area WDB expending the 20% minimum on work experience, to include an estimate of expenditures that will be paid wages to youth? If the Local Area WDB has not been meeting the minimum of 20% of funds, please explain additional measures to be taken this year. [WIOA Section 129(c)(4)] (CPS 09-2021, Change 1)

The Local Area has made great strides and has improved on reaching the 20% minimum. With current trends the Local Area is on track to meeting the minimum 20% requirement. The Local Area will continue its outreach efforts to secure additional work experience sites, however participants are needed to work at those sites. GWDB actively seeks businesses that are interested in holding WEX positions and matches participants interested and in need of work experience with those businesses. We key not only participant wages but also WEX staff wages and fringe benefits to the 20%. The contract for Youth specifies and maintains a WEX Specialist position to ensure these opportunities are maintained and properly filled.

12. Does the Local Area WDB have a dedicated full-time Youth Business Services Representative (or similar title) at the Local Area WDB level or at the Provider level. If so, state at which level, how many representatives, and how this impacts the Youth Program Design?

The Gaston Count Workforce Development Board has one Business Services Representative that provides services to Adult, Dislocated Worker, and Youth programs.

13. Does the Local Area WDB have special programs for young adults that are Justice-Involved or have a substance use disorder? If yes, please briefly describe them.

GWDB does not have special programs for young adults that are Justice-Involved or have a substance disorder, however youth needing these specialty programs are referred to community agencies for such services resulting in collaborative partnerships.

14. Describe how the Local Area WDB partners, aligns, and leverages, as appropriate with:

- Title II Adult Education and Family Literacy Act program resources and policies.
- Title IV Vocational Rehabilitation program resources and policies.
- Integrates adult education with occupational education and training and workforce preparation, as Local Area WDB's and the creation of career pathways for youth. [USDOL TEGL 8-15]

The Gaston WDB partners with Gaston College's GED & AHS Programs, as well as the Gaston Literacy Council and Vocational Rehabilitation to do co-enrollments and provide services to individuals with basic skills deficiencies, learning disabilities and other barriers to employment. Gaston College leverages resources by providing TABE testing to anyone with a potential basic skills deficiency or learning disability including individuals who could potentially be WIOA eligible. The GWDB is able to align employment, training, education, and supportive services with Title II youth that have barriers to employment – which meets requirements for developing and implementing career pathways for youth through alignment of employment, training, education, and supportive services. We are able to do this by continuing to nurture our partnerships with Gaston College ABE, the Gaston Literacy Council, and Vocational Rehabilitation partnerships and achieving co-enrollments of youth in our partnering programs. Our WIOA Youth Program contractor partners with Gaston College Life Skills Programs. This is accomplished by Gaston College allowing WIOA staff to attend the AHS/GED/ABE Orientation classes to present WIOA Youth Program information to youth and young adults who may potentially be WIOA OSY eligible, in an effort to achieve co-enrollment of Title II youth who may need financial assistance with education, training, and/or support services. Additionally, the WIOA Youth Program provides financial and supportive service assistance to Gaston College's GED students who co-enroll to take college level classes while finishing their GED.

15. Specify if the Local Area WDB plans to offer incentives for (NextGen) youth. If yes, attach the Youth Incentive Policy, which should include:

- criteria to be used to award incentives;
- type(s) of incentive awards to be made available;
- whether WIOA funds will be used; and
- the Local Area WDB's internal controls to safeguard cash/gift cards.

- Name document: *Gaston County Youth Incentive Policy*.

Note: Federal funds may not be spent on entertainment costs. Youth Incentive Policies should include: compliance with the Cost Principles in 2 CFR part 200; identify types of items that may be awarded (gift cards, plaques, certificates, checks); identify types of achievements/completion of activities (an inclusive list is required); practices for internal controls for safeguarding incentives, and provide a sample list of required documentation for reimbursement (diploma, evaluations).

16. If the Local Area WDB does not offer incentives for (NextGen) youth, please explain why.

GWDB does offer incentives for NEXTGEN youth.

17. Describe the local strategy to prepare the youth (NextGen) for unsubsidized employment, including with small employers, specifically those that include in-demand industry sectors and occupations of the local and/or regional labor markets. [WIOA Section 129(c)(1)(C)(v)]

The local strategy to prepare the youth (NextGen) for unsubsidized employment includes work readiness skill training which includes a set of skills and behaviors that are necessary for any job. Youth are engaged in such trainings with both their case manager and the WEX specialist. The types of services may be provided through instruction, or other activities where the student can learn and apply knowledge. Additionally, youth are provided with job training services, search techniques and knowledge on local jobs in demand along with wage data.

18. Please complete the Youth Program Elements chart provided to demonstrate how the Local Area WDB ensures each of the 14 youth program elements is made available to youth participants. Be certain to complete both columns of the chart to demonstrate partnerships and potential use of shared funding. Please specify partners. [WIOA Section 129(c)(2)(A)]

- Name document: *Gaston County WDB Youth Program Elements Chart.*

19. Does the Local Area WDB have a standing committee to provide information to assist with planning, operational, and other issues relating to the provision of services to youth? [WIOA Section 107(b)(4)(A)(ii)]

a. If no, describe how oversight to planning, operational, and other issues relating to the provision of services to youth will be provided.

Yes. The Gaston County Workforce Development Board has a Youth Committee.

b. If yes, please provide a response to the following

- Provide the committee's purpose/vision.

The committee's purpose is to provide a holistic approach to lifting youths' barriers by facilitating the sharing of information, opportunities, and resources that are available in the community for youth between local agencies and partners including law enforcement, DSS Foster Care Program, Gastonia Housing Authority, and a youth who can share a youth participant perspective. Information is shared by the WIOA NextGen Service Provider regarding opportunities that available through the WIOA Youth Program and also to provide the WIOA Next-Gen Youth Contractor with the regular opportunity to provide input into local planning as well as seek information from local partners that can benefit their youth.

2. Provide a clear and detailed example of the Local Area WDB's best or promising Adult/Dislocated Worker program practice that has yielded positive results with evidence, which affirms this practice is effective.
A promising practice that the Adult/Dislocated Worker program has initiated this year is offering WIOA informational orientations to those interested in learning more about what the program has to offer. This has allowed interested individuals a more personable counseling experience to ask any questions to ensure WIOA is a good fit for their needs. During the orientation, NCWorks registration is offered, and WP applications are offered to all. Upon completing the WP application, the interested participant will also schedule a future interview for the WIOA program. The orientations have expanded from twice a month to weekly as the need of interested individuals has increased.

3. Provide a clear and detailed example of the Local Area WDB's best or promising Youth program practice that has yielded positive results with evidence, which affirms this practice is effective.
One of the examples of the Local Area WDB's best practices or promising Youth program practice that has yielded positive results is the incorporation of activities for the children of our participants during workshops through partnership with Union Road Branch Library. Activities include music, dance, story time and crafts. Upon implementation of this program practice, our parenting participants can attend workshops and concentrate on the workshop content. In turn, their children are having a joyful time instead of being bored. In addition, this provides some stress relief and an extra level of support.

4. Provide a clear and detailed example of the Local Area WDB's best or promising regional strategy that has yielded positive results with evidence, which affirms this practice is effective.

<p>1. Employer-Led Sector Partnerships: Gaston WDB is an integral part of GCAM (Gaston County Association of Manufacturers), an employer-led sector partnership, facilitated by EDC where businesses within specific industries collaborate to address common workforce challenges. By allowing employers to take the lead in identifying needs and driving strategies, these partnerships ensure that workforce development efforts are directly aligned with industry demands. Positive results include increased employer satisfaction, improved workforce retention rates, and a better match between available skills and job requirements.</p> <p>2. Customized Training Programs: WDBs work closely with employers to help fund customized training programs tailored to their specific needs with the use of Incumbent Worker Training Funds. Employers take charge by defining the skills and competencies required for success in their industry, while leveraging WDB funding. Positive outcomes include improved employee productivity, reduced training costs for employers, the ability to stay competitive, the ability to promote from within and back-fill entry level positions, and overall, a more skilled workforce that meets industry standards.</p> <p>3. Apprenticeship and Work-Based Learning Initiatives: WDBs partner with employers to expand apprenticeship and work-based learning opportunities. Employers drive the agenda by offering apprenticeship positions, defining skill requirements, and providing mentorship to participants. Gaston WDB will often refer employers to Gaston College's App 321 program or direct them to our State Apprenticeship rep so they can build their own program. Positive outcomes include increased employee retention, reduced recruitment costs for employers, and a pipeline of skilled talent trained to industry specifications.</p> <p>4. Recruitment and Hiring Events: WDBs organize recruitment and hiring events that empower employers to connect directly with job seekers. Employers play a significant role in these events by showcasing career opportunities, conducting interviews, setting up future interviews, and making on-the-spot job offers at times. Employers also offer feedback through our survey to find out what days/times and location works best for them. Positive results include streamlined hiring processes, reduced time-to-fill vacancies, and increased access to qualified candidates for employers.</p> <p>5. Workforce Data Analysis and Planning: WDBs collaborate with employers to collect and analyze workforce data, enabling evidence-based decision-making. Employers contribute by sharing information about their hiring needs, skill requirements, and workforce trends, which informs the development of targeted workforce strategies. Positive outcomes include a better understanding of labor market dynamics, improved alignment between education and workforce systems, and increased responsiveness to employer needs.</p>

Remote Meetings –

Remote Public Meetings: In Response to the Coronavirus Disease 2019 (COVID-19) Crisis, (S.L. 2020-3, SB 704) the General Assembly has enacted *modifications* to the laws governing meetings of public bodies, and voting and quorum rules for city and county governing boards. The new law modifies those rules and provides specific guidance regarding *remote* meetings, including quorum, notice, voting, public comment, and public hearings. *These provisions are in Section 4.31 of the Act.* The new provisions for *remote* public meetings became effective on May 4, 2020, and only apply when there is a declaration of a state of emergency by the Governor or General Assembly under GS 166A-90.20. They are not triggered by city or county emergency declarations. The new law also provides that any electronic meeting undertaken via remote participation between March 10, 2020 and the effective date of the new law is not deemed invalid due to the use of electronic communication to conduct that meeting.

The Board will adopt this *remote meeting policy*, to be used when needed, to make use of the capabilities for conferencing by electronic means or any other type of audio or video conferencing for its meetings as set forth and adopted according to the following rules as applicable:

- A. Before Remote Meetings: Additionally, the Gaston County WDB will continue to provide advanced meeting notice, following existing guidance for notifying the public under G.S. 143-318.12. The notice will also contain detailed information on how the public can access remote meetings. The Gaston WDB will continue to provide all documents to all board members in advance of any meetings. If applicable, presentation capabilities will be restricted to designated individuals and may be recorded.
- B. Launching Remote Meetings: The Gaston WDB will insure that meetings are simultaneously available to the public by an audio stream, dial-in conference line, or video live stream. It is essential that all board members are able to hear all

Page 7

communications from fellow board members and the public during remote meetings. Remote Meeting Attendance Guidelines will be reviewed with all attendees before the Board Meeting starts, including roll call, identifying actions, votes, chat box discussion, mute, etc.

- C. During the Remote Meetings: First thing at the beginning of any meeting, roll call will be taken. During roll call, each member must clearly state their name, the name of the company or agency they represent, and lastly they must also state how they are joining the meeting (telephone & their telephone #, virtual conference meeting via visual or virtual conference meeting via audio only. Board Staff and Guests will follow the same protocol.

The individual leading each section of the agenda, will reference the specific item and/or section of the agenda that is being discussed or acted on. Votes will be taken by roll call. Board Members will count for quorum/votes only while active on the remote meeting. No votes may be taken by written or secret ballot. Any board members that are calling in via telephone or cannot be seen during the conference meeting MUST say their name during the following times: roll call; prior to any action taken, and prior to voting.

Closed sessions –

Closed sessions may be held in accordance with G.S. 143-318.11; access to the public is not required during this time

Additional Remote Meeting Information –

The Gaston County WDB will insure that meeting minutes reflect that the meeting was done by simultaneous communication, which board members participated by simultaneous communication, and the board members who entered or left during the meeting. All chats or other written communications between members of the public body regarding the transaction of the public business during remote meetings are deemed public record. Any technical challenges that occur during the meeting shall also be noted in the minutes for future reference.

Section 6. Proxy Representation and Voting

A member may designate a representative to attend a meeting of the Board in his/her absence. The proxy must meet the membership criteria for the member's affiliation type. The proxy will count toward the appointed member's attendance, may participate in discussions by the board, and may vote so long as the member provides *written voting instructions to the Chair allowing his/her proxy representative to cast votes in accordance with the written voting instructions.*

Page 8

The Chair shall not vote except in the case of a tie, in which event he/she shall cast the deciding vote. Each Board member present shall be entitled to one (1) vote on each matter for which a vote is taken. Votes may be cast telephonically, via electronic medium, and/or virtually.

Section 7. Conflict of Interest and Voting

No Board member shall participate in a governmental decision including voting on a matter (including recommendations, appointments, obligating, or committing the GASTON COUNTY Board to a course of action) when such action influences a decision or exercises judgment in making a decision.

Commissioner Hovis - Finance - To Approve and Establish the Daily Deposit Threshold for all Cash Collection Sites of Five Hundred Dollars (\$500.00), and to Authorize the Finance Officer to Develop and Implement a Process for Daily Deposit Requirements, Pursuant to NCGS 159-32

STAFF CONTACT

BUDGET ORDINANCE IMPACT

N/A

BACKGROUND

All moneys collected or received by an officer or employee of a local government shall be deposited daily pursuant to North Carolina General Statute 159-32. However, if the governing board gives approval, deposits shall only be required when the moneys on hand amount to five hundred dollars (\$500.00) or greater. Currently, there are collection sites that are required to make daily trips to the bank and submit deposit documentation for deposits totaling less than one dollar (\$1.00). The staff time, both in the departments and in Finance, to process deposits takes away from other daily work duties. The Finance Department is currently processing over 2,000 deposits a month.

POLICY IMPACT

The Finance Officer will develop a procedure to ensure adequate controls are in place and functioning as intended prior to authorizing that a cash collection site may follow the Board approved daily deposit threshold.

ATTACHMENTS

Resolution and NCGS §159-32, Daily Deposits

RESOLUTION TITLE: TO ESTABLISH THE DAILY DEPOSIT THRESHOLD FOR ALL CASH COLLECTION SITES TO FIVE HUNDRED DOLLARS (\$500.00), AND TO AUTHORIZE THE FINANCE OFFICER TO DEVELOP AND IMPLEMENT A PROCESS FOR DAILY DEPOSIT REQUIREMENTS, PURSUANT TO NCGS §159-32

WHEREAS, NCGS §159-32(a) requires Gaston County to deposit all taxes and other moneys collected or received by an officer or employee to a properly licensed and recognized cash collection service or official depository, and authorizes the Gaston County Board of Commissioners to set a threshold amount of moneys on hand which must be reached before the County is required to make each deposit; and,

WHEREAS, NCGS §159-32 establishes the deposit threshold at \$500.00; and,

WHEREAS, increasing Gaston County's deposit threshold and implementing a process for daily deposit requirements would reflect best practices, would save the County the time and expense of making more frequent deposits, and would ensure adequate controls are in place for the safeguarding of cash; and,

WHEREAS, Session Law 2020-3 §4.28 added NCGS §159-32(b), whereby the County may also choose to follow any temporary daily deposit requirement changes as issued by the Secretary of the Local Government Commission in times of an emergency declaration issued under General Statute 166A-19.20; and,

WHEREAS, the County Chief Financial Officer recommends updating Gaston County's existing daily deposit requirements as described above.

NOW, THEREFORE, BE IT RESOLVED that pursuant to NCGS §159-32(a), the Gaston County Board of Commissioners hereby increases the requirement threshold for the deposit of moneys on hand for all County departments to \$500.00, or to any temporary requirement in effect set by the Local Government Commission Secretary due to an emergency declaration issued under NCGS §166A-19.20.

BE IT FURTHER RESOLVED that the Finance Officer is authorized to develop and implement a process for daily deposit requirements and procedures, in accordance with NCGS §159-32.

DO NOT TYPE BELOW THIS LINE

I, Donna S. Buff, Clerk to the County Commission, do hereby certify that the above is a true and correct copy of action taken by the Board of Commissioners as follows:

§ 159-32. Daily deposits.

(a) Except as otherwise provided by law, all taxes and other moneys collected or received by an officer or employee of a local government or public authority shall be deposited in accordance with this section. Each officer and employee of a local government or public authority whose duty it is to collect or receive any taxes or other moneys shall, on a daily basis, deposit or submit to a properly licensed and recognized cash collection service all collections and receipts. However, if the governing board gives its approval, deposits or submissions to a properly licensed and recognized cash collection service shall be required only when the moneys on hand amount to five hundred dollars (\$500.00) or greater. Until deposited or officially submitted to a properly licensed and recognized cash collection service, all moneys must be maintained in a secure location. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer or employee collecting or receiving taxes or other moneys, and may prescribe the form and detail of these accounts. The accounts of such an officer or employee shall be audited at least annually.

(b) The Secretary may, during an emergency declaration issued under G.S. 166A-19.20, set the amount of moneys on hand requiring daily deposits and may require deposits on less than a daily basis, provided the moneys are maintained in a secure location and deposited at least weekly. (1927, c. 146, s. 19; 1929, c. 37; 1939, c. 134; 1955, cc. 698, 724; 1971, c. 780, s. 1; 1973, c. 474, s. 27; 2017-204, s. 6.1(a); 2020-3, s. 4.28(a).)

BACKGROUND

Gaston County currently owns PID 121088 (.09 acres) located on West Carolina Avenue (no assigned address) in Bessemer City. On April 26, 2001, Gaston County Board of Commissioners approved Resolution 2001-129 to declare this non-essential County-owned property as surplus and authorized staff to initiate sale procedures pursuant to North Carolina G.S. § 160A-270 (Public Auction). The parcel is vacant land not planned to be used by the County for future use.

The Gaston County Public Works office has received an offer to purchase said property for \$1,200.00. Approval of the Board Action formally proposes to accept said offer subject to the conclusion of the upset bid process as required by statute and authorizes staff to conduct the upset bid process.

Under North Carolina G.S. § 160A-269, a County has the authority to "receive, solicit, or negotiate an offer to purchase property and advertise it for upset bids". Per the statute, if the Board of Commissioners proposes to accept an offer for said property, the County must then advertise the bid in the newspaper and allow ten (10) days for a higher bid to be received. If a higher bid is received, that bid is then advertised as before and the process continues to repeat until no higher bid is timely received. Staff will bring the highest and best offer back to the Board of Commissioners for final acceptance and approval.

Per Board Action 2024-115, an offer was proposed to the Board of Commissioners to purchase surplus County owned property PID# 121058 for \$1,600.00. The offer to purchase was submitted by Doug Arthurs on behalf of ME Brown Enterprises, LLC. Having received all bids, per NCGS § 160A-269, the Board of Commissioners must accept or reject the offer once all bids have been submitted, which they have. BACKGROUND

On January 8, 2024, the Gaston County Sheriff's Office issued a Request for Proposal (RFP) for inmate medical services at the Gaston County Jail. The Sheriff's Office received proposals from the following providers: Advanced Correctional Healthcare, IMS Correctional Health, MediKO, Reserve Health and Well Path.

On March 13, 2024, the Sheriff's Office found the proposal submitted by Reserve Health P.C. (RH) to represent the best value and recommends that the County award the contract to RH. Their proposal was the most advantageous to the County as it provides a robust behavioral health and substance abuse program in addition to high-quality medical care. The key terms are as follow:

- The initial one-year term runs July 1, 2024 through June 30, 2025. Two (2) additional, two (2) year, renewal terms will occur automatically unless cancelled.
- The annual fee is \$4,299,476.00. The initial year will include an additional \$100,000 that recognizes a portion of the cost for necessary medical equipment, bringing the Year 1 total fee to \$4,399,476.00. The additional \$100,000 for medical equipment is for Year 1 only.
- The Year 2 fee is \$4,299,476.00 + 3% (which recognizes employee wage increases). Each subsequent year the annual fee will increase by 3%.
- Small fee increases are included if the Monthly Average Daily Population exceeds 620 by 5% or more. (5% of 620 = 651). Note - the facility maximum capacity is 664.
- Medical services will be provided to all inmates that sleep at the Jail or Jail Annex. (Bureau of Prison (BOP) contract inmates are the sole exception - BOP provides their medical services.)
- Medical services that require hospitalization or specialized care are not provided pursuant to this contract, which covers primarily routine medical, dental, mental health, substance abuse and related health care services, e.g. sutures and IV's.
