COMPREHENSIVE LAND USE PLAN

Area 1: Rural Gaston / Northwest Gaston

Key issues for citizens in this area include preservation of open space; road improvements and better connectivity to other areas of the County and throughout the region; increased job opportunities; preservation of agriculture and maintaining the rural "feel" of the community; repurpose vacant buildings and facilities for new economic opportunities; and, steer development towards existing infrastructure.

Comprehensive Plan future Land Use:

Rural – Rural areas are areas characterized by green rolling hills and plenty of open space. This designation exemplifies Gaston County and the existing natural resources that exist throughout the jurisdiction. Residential homes are located on large lots and are set back from the roads they front upon. There are many opportunities for agribusiness ventures in this designation as well, including farming, landscaping and associated nurseries, etc. It is understood that this is the default use designation for Gaston County.

Staff Recommendation:

Application, as presented, is consistent with the Comprehensive Land Use Plan.

STAFF SUMMARY

Prepared By: Sarah Carpenter Penley, Senior Planner

This property is located in a residential area of the northwest region of the county. The location is primarily residential in nature with a variety of housing types, varied between site built and manufactured, which is not uncommon in a rural area and setting. The property is also located adjacent to a commercial business.

If approved, any uses allowed in the (R-2) Single Family General Zoning District would be permitted in accordance with standards and regulations as adopted in the Gaston County Unified Development Ordinance (UDO).

PLANNING BOARD RECOMMENDATION

Scheduled Meeting Date: February 8, 2021

Meeting Summary / Points of Discussion: Staff provided Board members with a history of the property, which included that a site built home (farm-style homestead) currently occupies the property and is used for storage. The applicant was recently gifted the property by family and wishes to be allowed placement of affordable manufactured housing. Discussion included that the property is located immediately adjacent to existing commercial uses. No further questions or discussion by Board members.

The Board <u>voted to approve</u> the application, with a vote of (8) to (0), based upon the following statement of consistency:

The proposed rezoning is in the Rural future land use plan. Rural areas allow for residential homes located on large lots with opportunities for agribusiness ventures. The use, going from (R-1) to (R-2) will allow the subject parcel to continue as a residential use in nature, which is consistent with the Rural designation and is in harmony with other residential uses within the immediate vicinity.
