## COMPREHENSIVE LAND USE PLAN

#### Area 1: Rural Gaston / Northwestern Gaston

Key issues for citizens in this area include preservation of open space; road improvements and better connectivity to other areas of the County and throughout the region; increased job opportunities; preservation of agriculture and maintaining the rural "feel" of the community; repurpose vacant buildings and facilities for new economic opportunities; and, steer development towards existing infrastructure.

Comprehensive Plan future Land Use:

Rural – Rural areas are areas characterized by green rolling hills and plenty of open space. Residential homes are located on large lots and are set back from the roads they front upon. There are many opportunities for agribusiness ventures in this designation as well, including farming, landscaping and associated nurseries, etc. It is understood that this is the default use designation for Gaston County.

#### Staff Recommendation:

Application, as presented, is consistent with the Comprehensive Land Use Plan.

#### **STAFF SUMMARY**

#### Prepared By: Sarah Carpenter Penley, Senior Planner

This property is located in a residential area of the north western region of the county. The location is primarily residential in nature with mixture of different housing types (site built, modular, and manufactured) which is not uncommon in a rural area and setting.

If approved, any uses allowed in the (R-2) Single Family Moderate Zoning District would be permitted in accordance with standards and regulations as adopted in the Gaston County Unified Development Ordinance (UDO).

#### PLANNING BOARD RECOMMENDATION

### Scheduled Meeting Date: March 8, 2021

Meeting Summary / Points of Discussion: Staff provided Board members with a history of the property, which included that the property was currently vacant and undeveloped; and, the applicant/owner indicated at time of application that it was his intent to place a double-wide manufactured home on the property as his primary residence.

Discussion and questions by Board members included inquiries related to the recent subdivision of the property, to which staff responded that the applicant/owner indicated that he intended to use one parcel for his primary residence (a double-wide manufactured home) and reserve the additional two (2) parcels for his children. Members asked about other housing types in the immediate area, to which staff revisited the aerial map included for presentation to point out a single-wide manufactured home almost adjacent to the site, and, the zoning maps to provide information related to a subdivision for double-wide manufactured homes, as well as, a second subdivision providing for single-wide manufactured homes, located nearby.

The Board unanimously <u>voted to approve</u> the application, with a vote of (8) to (0), based upon the following statement of consistency:

The proposed rezoning is in the Rural future land use plan. Rural areas allow for residential homes located on large lots with opportunities for agribusiness ventures. The use, going from (R-1) to (R-2) will allow the subject parcel to continue as a residential use in nature, which is consistent with the Rural designation and is in harmony with other residential uses within the immediate vicinity.

Board members in attendance: Ally, Fallon, Harris, Hollar, Horne, Houchard, Hurst, Vinson Board members absent: Brooks, Sain

Subject:	Z21-04 - GCLMPO Rezoning Review

Thank you for the opportunity to provide comments on a proposed rezoning located within the Gaston-Cleveland-Lincoln Metropolitan Planning Organization (GCLMPO) planning area. My comments are based on review of the site in accordance with the adopted Comprehensive Transportation Plan (CTP), the adopted 2045 Metropolitan Transportation Plan (MTP), and the current State Transportation Improvement Program (STIP).

The proposed development is located at 337, 341, 347 Eaker Rd (Bessemer City). PIDs: 302793, 302792, 302791. On behalf of the GCLMPO, I offer the following comments:

- 1. According to the 2020-2029 STIP, there are no funded transportation improvement projects in the immediate vicinity of this site.
- 2. Neither the GCLMPO 2045 MTP nor Highway CTP include any future improvements on any streets adjacent to the subject property.
- 3. Please note that for any site plan that requires a driveway permit on an NCDOT roadway, or is adjacent to NCDOT roadways, the developer should work with NCDOT on any required driveway permits or any TIA requirements.

If you have any questions regarding my comments, please do not hesitate to contact me at 704-866-6980 or juliop@cityofgastonia.com.
