HLT	DHHS - Public Health								
Dept. Code	Department Name								
Brittain Kenney	12/10/24								
Department Director	Date								

[illegible]

The Gaston County Department of Health and Human Services – Public Health Division was awarded state grant funds to support the implementation of the changes authorized by state law to restructure child death reviews by local teams and to offset the costs associated with local team participation in the National Fatality Review – Case Reporting System (NFR – CRS). The NFR-CRS is a web-based system used by many states to provide child death review teams with a data system for capturing, analyzing, and reporting information shared at a child's death or serious injury review. These are non-County funds.
