**JUSTIFICATION FOR REQUEST:**

The Digital Vehicular Repeater System (DVRS) will be installed in the Gaston County Police Mobile Command Truck. It will allow for radio communications to be improved in areas where there are radio coverage difficulties. There are multiple commercial buildings in Gaston County, such as Stuart Cramer High School and Caromont Regional Medical Center, that were built with construction materials that block radio signals from entering the building. With the DVRS unit parked just outside a building that does not have good indoor radio coverage, radio communications would be improved, allowing police, fire, and EMS units to be able to communicate effectively to accomplish their life-saving missions.

Note: Decreases in expenditures & increases in revenue accounts require brackets. Increases in expenditures & decreases in revenue do not require brackets. Please note that transfers between funds require interfund transfer accounts.
