To whom it may concern:

Stuart W. Cramer High School has recently opened an Emergency Medical Technician program for students attending the school. Through this program, students may receive their EMT Basic certification leading to gainful employment in a high need field of work and service.

In an effort to enhance the instruction in this program, our students would benefit from utilizing the vehicle to provide hands-on training and realistic simulation for students as they complete this coursework.

Thank you for your consideration of this request.

Sincerely,

Audrey A. Devine
