

Planning Board Item III – GENERAL PUBLIC HEARING INFORMATION (Z19-02)
Board of Commissioners / Planning Board Public Hearing Date February 26, 2019

General Rezoning Application Z19-02

Request: To rezone property parcels 193044, 193050, and 193092 from the (R-1) Single Family Limited Zoning District with (US) Urban Standards and (CH) Corridor Highway Overlays to the (R-2) Single Family Moderate Zoning District with (US) Urban Standards and (CH) Corridor Highway Overlays

Applicant(s): Rommel Lino

Property Owner(s): Rommel Lino

Mailing Address of Applicant: 6321 Union Rd., Gastonia, NC 28056

Site Information and Description of Area

General Location: 6321 Union Rd., Gastonia

Parcel ID(s): 193044, 193050, 193092

Total Property Acreage: 10.73 acres

Acreage for Map Change: 10.73 acres

Current Zoning District(s): (R-1) Single Family Limited with (US) Urban Standards and (CH) Corridor Highway Overlays

General Area Zoning District(s): (R-1) Single Family Limited, (R-2) Single Family Moderate, (R-3) Single Family General, (C-3) General Commercial, (NBS) Neighborhood Business Services, (US) Urban Standards Overlay, (CH) Corridor Highway Overlay

Zoning District Information

Current Zoning District:

(R-1) Single Family Limited – The purpose of this district is to accommodate single family site built and modular construction. The minimum lot size allowed in this district will be dependent on the provision of public or community water and sewer facilities. Although areas may be served with such utilities, most of these areas are located beyond existing or anticipated utility service coverage areas. The minimum lot size for residential uses in this district is therefore larger than in other residential zoning districts.

(US) Urban Standards Overlay – Areas of the County which are located outside their corporate limits and/or municipal Extra Territorial Jurisdiction (ETJ) but where the provision of public water and sewer services can reasonably be expected to occur over the next 10-15 years, have been designated as the “Urban Standards Overlay District”.

Note: If any portion of the subject property is within the USO, then the entire property shall be developed in accordance with USO standards.

(CH) Corridor Highway Overlay – The purpose of the CH District is to preserve and enhance the streetscape along designated corridor highways in Gaston County. A CH District may exist along the entire length of a roadway or along any identifiable segment of a roadway. Any CH District initially established shall contain a minimum length of at least one thousand (1,000) linear feet as measured along one side of a designated corridor highway. The CH District shall consist of all lots fronting on the corridor highway for a depth of two hundred-fifty (250) feet as measured from the centerline of the corridor highway (for a total width of five hundred (500) feet), unless otherwise indicated on the Zoning Map. Although such corridor highways may vary in character, particular aspects of development along those roads raise common concerns and should be managed in a consistent way in order to preserve and enhance the streetscape.

Proposed Zoning District:

(R-2) Single Family Moderate – The purpose of this district is to accommodate single family site built and modular construction and double-wide manufactured home placement. The minimum lot size allowed in this district will be dependent on the provision of public or community water and sewer facilities. Although areas may be served with such utilities, most of these areas are located beyond existing or anticipated utility service coverage areas. The minimum lot size for residential uses in this district is therefore larger than in other residential zoning districts.

Comprehensive Land Use Plan (Small Area District)

Area 4: The Garden Gaston / Southeast Gaston (Belmont, Cramerton, and surrounding area)

Key issues for citizens in this area include road improvements and better connectivity to other areas of the County and throughout the region; another bridge crossing the Catawba River; increased walkability and connectivity between communities; continued coordination amongst local government agencies; and, maintaining enhanced quality of life.

Comprehensive Plan Future Land Use: Rural Community

It is staff's opinion that the request *is consistent* with the Comprehensive Land Use Plan due to similar zoning types in the immediate surrounding area and the proposed use, as presented by the applicant, is in harmony with existing structures nearby.

Technical Review Committee (TRC)

The request was reviewed by the TRC for comment and general compliance with applicable regulations and provisions. The TRC is made up of various technical land use reviewing agencies such as North Carolina Department of Transportation (NCDOT), Environmental Health, Gaston Cleveland Lincoln Metropolitan Planning Organization (GCLMPO), County Fire Marshall, et cetera, which review all land use proposals and site plans requiring Planning Board approval and/or public hearing process.

Notification

Notice of public hearing was advertised in the Gaston Gazette in accordance with County policy.

(USO) URBAN STANDARDS OVERLAY DISTRICT

Areas of the County which are located outside their corporate limits and/or municipal Extra Territorial Jurisdiction (ETJ) but where the provision of public water and sewer services can reasonably be expected to occur over the next 10-15 years, have been designated as the "Urban Standards Overlay District".

Accordingly, standards for development, more akin to those that traditionally are found in urban areas, as opposed to rural areas, are called for. Standards addressed, but not limited to: building design, off-street parking, road, lot and subdivision standards.

Note: If any portion of the subject property is within the USO, then the entire property shall be developed in accordance with USO standards.

(CH) CORRIDOR HIGHWAY OVERLAY DISTRICT

The purpose of the CH District is to preserve and enhance the streetscape along designated corridor highways in Gaston County. A CH District may exist along the entire length of a roadway or along any identifiable segment of a roadway. Any CH District initially established shall contain a minimum length of at least one thousand (1,000) linear feet as measured along one side of a designated corridor highway. The CH District shall consist of all lots fronting on the corridor highway for a depth of two hundred-fifty (250) feet as measured from the centerline of the corridor highway (for a total width of five hundred (500) feet), unless otherwise indicated on the Zoning Map. Although such corridor highways may vary in character, particular aspects of development along those roads raise common concerns and should be managed in a consistent way in order to preserve and enhance the streetscape.

Memorandum

To: Sarah Penley, Development Services Planner, Gaston County Dept. of Planning & Devpt. Services
From: Julio Paredes, Planner, Gaston—Cleveland—Lincoln MPO
Date: February 25, 2019
Subject: Z19-02 Rommel Lino—GCLMPO Comments

Thank you for the opportunity to provide transportation comments on a proposed site located within the Gaston-Cleveland-Lincoln Metropolitan Planning Organization (GCLMPO) geographic area. My comments are based on review of the proposed site in accordance with our adopted Comprehensive Transportation Plan (CTP) and the adopted 2045 Metropolitan Transportation Plan (MTP).

1. The proposed development is located at 6321 Union Rd, Gastonia, NC 28056
 - A. According to NCDOT's 2020-2029 State Transportation Improvement Program (STIP) and the 2045 MTP, there are no funded transportation improvement projects in the immediate vicinity of this project.
 - B. A proposed unfunded Boulevard Road Improvement to Union Rd is included in the MPO's CTP. The widening of Union Rd —boulevard needs improvement (4 lane divided)—from Bradley Trail to the South Carolina State line is included in the MPO CTP. The typical cross section for a four lane road involves a minimum of 100 ft. right-of-way. The existing right-of-way along Union Rd is 60 ft.
 - C. CTP projects shown as "Boulevard Improvement" or "Recommended" could become a funded project in the future, part of a development project, or may never become a funded project. If a project shown on the CTP becomes a funded project, NCDOT will acquire necessary right of way in compliance with 49 CRF Code of Federal Regulations as well as NC General Statutes. Note that this is a very preliminary identification of a route, which is subject to change upon further design.
 - D. Please note that any site plan that requires a driveway permit on an NCDOT roadway, or is adjacent to NCDOT roadways, the developer should work with NCDOT on any required driveway permits or any TIA requirements.
 - E. A proposed new 4-lane divided Boulevard from US 321 to NC 274 is also included in the MPO's CTP. The Garden Parkway is an unfunded project that is shown on the GCLMPO's Comprehensive Transportation Plan (CTP), previously known as the Thoroughfare Plan. The CTP does not include specific transportation projects or improvement schedules, but instead represents the status or completeness of the

Post Office Box 1748

150 South York Street
Gastonia, North Carolina 28052
Fax (704) 869-1960

- comprehensive transportation system that may be required to support anticipated growth and development.
- F. By establishing the region’s future transportation needs, the CTP offers an organized way to identify, and eventually prioritize, the transportation projects that may be built in the communities within the GCLMPO area.
 - G. The Garden Parkway is currently an unfunded project. CTP projects shown as “Needs Improvement” or “Recommended” could become a funded project in the future, part of a development project, or may never become a funded project.

If you have any questions regarding my comments, please do not hesitate to contact me at 704-866-6980 or juliop@cityofgastonia.com.
