**Home and Community Care Block Grant for Older Adults
Outreach Methodology**

July 2025 through June 2026

Outreach Methodology to Address the Service Needs of Target Population

Community Service Provider: Gaston DHHS

County: Gaston

While all older adults age 60 and over are eligible for services, sec. 305(a)(2)(E) of the Older Americans Act requires programs to target services to older individuals with the greatest economic and social need, (with particular attention to low-income older adults, including low-income minority older adults, older adults with limited English proficiency, and older adults residing in rural areas). The community service provider shall specify how these service needs will be met through the services identified on the Provider Services Summary (DAAS-732). This narrative shall address outreach and service delivery methodologies that will ensure that this target population is adequately served and conform with specific objectives established by the Area Agency on Aging, for providing services to low income minority individuals. Additional pages may be used as necessary.

The Department has continued to be successful in reaching the low-income minority with services. 12% of Gaston County's 65+ population are below 100% of poverty level and an additional 24% are within 100%-199% of poverty level. According to 2022 census data, 23% of Gaston County population are age 60+ and 16% of Gaston County's population are minority. Between January 1, 2024 and December 31, 2024, the Department reached this target population as evidenced below:

	Minority	At/Below Poverty Level
Transportation	42%	24%
In-Home Aide	26%	21%
Home Delivered Meals	23%	34%
Adult Day Care	67%	33%

Gaston County's 60+ rural population is estimated to be 20%. At last count, 28% of those receiving In-Home Aide services are considered rural (living outside the city limits). In addition, 29% of Home Delivered Meal recipients, 26% of Congregate Nutrition participants and 27% of Transportation riders live outside the city limits based on 2020 accounts.

Public awareness/service access efforts are on-going. In addition, other human service professionals (home health agencies, hospital discharge planners, social work staff) are in touch with both target populations (low-income minority and rural) and consistently make these individuals aware of service availability.
