

RESOLUTION TITLE: TO AMEND GRANT PROJECT ORDINANCE 2021-264 FOR THE GASTON COUNTY CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS

WHEREAS, pursuant to Section 13.2 of Chapter 159 of the General Statutes of North Carolina, the Gaston County Grant Project Ordinance 2021-264 for the Gaston County Coronavirus State and Local Fiscal Recovery Funds was adopted in Regular Session by the Gaston County Board of Commissioners on September 28, 2021; and,

WHEREAS, the Gaston County Board of Commissioners shall amend Section 2 of the Grant Project Ordinance to authorize appropriations for specific programs, services, projects, and activities. The Board may also appropriate some or all of these funds to an enterprise fund in an annual budget ordinance for a water, wastewater, or stormwater infrastructure project.

BE IT ORDAINED by the County Commissioners of Gaston County, North Carolina, pursuant to Section 13.2 of Chapter 159 of the General Statutes of North Carolina, that:

Section 1: This ordinance is to establish a budget for a project to be funded by the Coronavirus State and Local Fiscal Recovery Funds of H.R. 1319 American Rescue Plan Act of 2021 (CSLRF). Gaston County has received the full \$43,612,126 allocation of CSLRF funds. These funds may be used for the following categories of expenditures, to the extent authorized by state law.

1. Support public health expenditures, by funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff
2. Address negative economic impacts caused by the public health emergency, including economic harms to workers, households, small businesses, impacted industries, and the public sector
3. Replace lost public sector revenue, using this funding to provide government services to the extent of the reduction in revenue experienced due to the pandemic
4. Provide premium pay for essential workers, offering additional support to those who have borne and will bear the greatest health risks because of their service in critical infrastructure sectors
5. Invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, support vital wastewater and stormwater infrastructure, and to expand access to broadband internet.
