WHEREAS, the County will prepare a detailed Economic Development Agreement (EDA), between Project Manitoba and the County, to provide a Level One or Level Two Incentive Grant, so as to induce the company to provide good job opportunities and capital investment which will enhance the County's ability to attract additional business and industry.

See Attached Map

2. The conveyance of a 5.2 acre tract to Project Manitoba will stimulate the local economy, promote business, and result in the creation of a substantial number of jobs in Gaston County. The probable average annual wage at the facility to be constructed by Project Manitoba is \$56,129. The determination of the probable average annual wage at the facility is based upon materials provided to the County by Project Manitoba.
3. The fair market value of the property, subject to the covenants and conditions associated with the Gastonia Technology Park, is \$40,000.00 per acre. This determination of fair market value is based upon the sales prices of comparable tracts of land, as reported to the Board of Commissioners.
4. The Board of Commissioners has determined that the approximate value of the interest to be conveyed is Forty Thousand Dollars (\$40,000.00) per acre, for a total value of \$208,000.00, subject to survey. In consideration for the site PROJECT MANITOBA will pay \$182,000.00, in cash. This facility will generate property tax revenues over the next ten years in an amount at least to sufficiently return to the County the total fair market value of the property.
5. As further consideration for the conveyance of the property, Project Manitoba has agreed to expand the advanced manufacturing facility at a cost of at least \$7,000,000.
6. The Level One or Level Two Incentive Grant to Project Manitoba is approved and the Chairman, Vice-Chairman or the County Manager is authorized to execute any documents necessary to complete an Economic Development Agreement for Project Manitoba.
