

**Re: Sole Source Letter**

To Whom It May Concern:

PowerDMS serves over 6,000 customers in the fields of law enforcement, fire, corrections, health care and elsewhere. This letter confirms that PowerDMS is the only cloud-based software as a service ("SaaS") platform that combines document management, training management and accreditation management, and electronically links that content to alert users whenever a change may impact compliance. Other capabilities, including side-by-side comparison and Public Facing Document functionality are unique to PowerDMS and empower customer organizations to reduce risk, increase efficiency, and drive accountability by simplifying how they manage their most crucial content. This letter also confirms that PowerDMS is the exclusive software option for demonstrating compliance with the accreditation standards for the following entities and accreditation programs:
