

This change log notes all substantial changes from the 2019 to the 2021 version of the *General Records Schedule: Local Government Agencies*. For simplicity, wordsmithing, typographical corrections, pointers to other records series, and modifications to citations have not been tracked. Substantive changes are listed in the left-hand column. In the center column are the titles of new records series that have been added to the schedule. In the right-hand column are records series that have been discontinued because the records are no longer created or received by local government agencies (or in cases where these are listed in the same row as a series that was changed, these records have been combined into that broader records series). The index to the schedule also includes pointers where one series was subsumed into another.

Please note that what had been the Personnel Records standard (Standard 6) has been retitled as the Human Resources standard; alphabetization means this is now Standard 4 (and IT Records and Legal Records have been shifted to standards 5 and 6 respectively).

This updated schedule also includes in the appendix a section entitled “Related Records Series Found in Local Agency Program Schedules,” which identifies records series within the Local General Schedule (indicated with @) that have similar records series on local program schedules.
