Program Description:

The 21st Century Community Learning Centers (CCLC)

Program is authorized under Title IV, Part B, of the Elementary and Secondary Education Act (ESEA) of 1965 as amended by the Every Student Succeeds Act (ESSA) of 2015.

Beginning with grants initially funded in the 2017-2018 school year, 21st CCLC programs must comply with the provisions outlined in ESSA.

The purpose of the grant is to provide federal funds to establish or expand community learning centers that operate during out-of-school (OTS) hours with three specific purposes:

1. Provide opportunities during non-school hours for academic enrichment, including providing tutorial services to help students (particularly students in high poverty areas and those who attend low-performing schools) meet state and local student performance standards in core academic subjects such as reading and math.
2. Offer students a broad array of additional services, programs, and activities, such as youth development activities, service learning, nutrition and health education, drug and violence prevention programs, counseling programs, arts, music, physical fitness and wellness programs, technology education programs, financial literacy programs, environmental literacy programs, mathematics, science, career and technical programs, internship or apprenticeship programs, and other ties to an in-demand industry sector or

occupation for high school students that are designed to reinforce and complement the regular academic program of participating students.

3. Offer families of students served by 21st CCLCs opportunities for active and meaningful engagement in their children's education, including opportunities for literacy and related educational development.
