**Subject:** TRC Review for REZ-242 - Camp Rotary Rd – GCLMPO Review

---

Thank you for the opportunity to provide transportation comments on a proposed rezoning request within the Gaston-Cleveland-Lincoln Metropolitan Planning Organization (GCLMPO) planning area. My comments are based on review of the proposed site in accordance with the adopted Comprehensive Transportation Plan (CTP), the adopted 2050 Metropolitan Transportation Plan (MTP), and the current State Transportation Improvement Program (STIP).

The proposed site plan is located at 335 Camp Rotary Rd, Gastonia, North Carolina, 28052. PID#: 154737. On behalf of the GCLMPO, I offer the following comments:

1. According to NCDOT's 2026-2035 State Transportation Improvement Program (STIP), there are no funded transportation improvement projects in the immediate vicinity of this site.
2. The CTP does not include specific transportation projects or improvement schedules, but instead represents the status or completeness of the comprehensive transportation system that may be required to support anticipated growth and development.

By establishing the region's future transportation needs, the CTP offers an organized way to identify, and eventually prioritize, the transportation projects that may be built in the communities within the GCLMPO area.

CTP projects shown as "Needs Improvement" or "Recommended" could become a funded project in the future, part of a development project, or may never become a funded project.

3. The CTP shows recommended bicycle facilities improvements along Camp Rotary Rd. These improvements are unfunded at this time. The current ROW of Camp Rotary Rd is 60 ft.
