COMPREHENSIVE LAND USE PLAN
Area 1: Rural Gaston
Key issues for citizens in this area include: preservation of open space; road improvements and better connectivity to other areas of the County and throughout the region; increased job opportunities; preservation of agriculture and maintaining the rural "feel" of the community; repurpose vacant buildings and facilities for new economic opportunities; and, steer development towards existing infrastructure.
Comprehensive Plan future Land Use: Rural
Rural areas are areas characterized by green, rolling hills and plenty of open space, along with farmstead style housing, as well as agribusinesses. This designation exemplifies Gaston County and the existing natural resources that exist throughout the jurisdiction. Residential homes are located on large lots and are set back from the roads they front upon. There are many opportunities for agribusiness ventures in this designation as well, including farming, landscaping and associated nurseries, etc. It is understood that this is the default use designation for Gaston County.
Staff Recommendation:
Application, as presented, is consistent with the Comprehensive Land Use Plan.

STAFF SUMMARY

Prepared By: Sarah Carpenter Penley, Senior Planner

This property is located in a rural area of the north west region of the county. The location is primarily residential in nature with large areas of vacant tracts of property along the immediate secondary road (Mary's Grove Rd and Mozelle Rd). Housing types in the area include single family site built, modular and/or manufactured housing, mostly on large tracts or property, or at minimum Zoning regulated requirements. The application presented is mostly vacant in nature with an established commercial business located along the main secondary road.

If approved, any uses allowed in the current zoning districts (R-1, R-2, and C-1) would be permitted in accordance with standards and regulations as adopted in the Gaston County Unified Development Ordinance (UDO). Any uses allowed in the (I-3) Exclusive Industrial Zoning District would no longer be allowed or applicable.

CONSISTENCY STATEMENTS

The proposed rezoning is in the Rural future land use plan. The area consists of significant single-family residential homes, with substantial areas of vacant tracts. The use, going from (R-1)(R-2)(C-1)(I-3) to (R-1)(R-2)(C-1) will make the subject parcel residential and commercial in nature, which is consistent with the Rural designation. Removing the Industrial Zoning District would be in harmony with uses within the immediate vicinity.

The proposed rezoning is in the Rural future land use plan. The area consists of significant single-family residential homes, with substantial areas of vacant tracts. The use, going from (R-1)(R-2)(C-1)(I-3) to (R-1)(R-2)(C-1) will make the subject parcel residential and commercial in nature, which is not consistent with the Rural designation and prevents growth and job opportunities, mentioned as significant goals for Area 1.

PLANNING BOARD RECOMMENDATION

Scheduled Meeting Date: June 6, 2022

Meeting Summary / Points of Discussion: Staff provided Board members with an overview of the application and property. Points of discussion included questions related to the existing home and accessory structure located on site. Staff explained that the former business/use was on site prior to zoning. The home continues to be used as residential. If approved from the (R-1) to (C-1) Zoning District, this will allow the home to remain residential in a commercial district, while providing for uses allowed in the (C-1) Light Commercial Zoning District and bringing the accessory commercial building into compliance.

The Board voted to approved the application, with a vote of (7) to (0), based upon the following statement of consistency: *The proposed rezoning is in the Rural future land use plan. The area consists of significant single-family residential homes, with substantial areas of vacant tracts. The use, going from (R-1)(R-2)(C-1)(I-3) to (R-1)(R-2)(C-1) will make the subject parcel residential and commercial in nature, which is consistent with the Rural designation. Removing the Industrial Zoning District would be in harmony with uses within the immediate vicinity.*

(I/We), also agree to grant permission to allow employees of Gaston County to enter the subject property during reasonable hours for the purpose of making **Zoning Review**.

Please be advised that an approved general rezoning does not guarantee that the property will support an on site wastewater disposal system (septic tank). Though a soil analysis is not required prior to a general rezoning submittal and/or approval, the applicant understands a chance exists that the soils may not accommodate an on site wastewater disposal system thus adversely limiting development choices/uses unless public utilities are accessible.

If the application is not fully completed, this will cause rejection or delayed review of the application. In addition, please return the completed application to the Planning and Development Services Department within the County Administrative Building located at 128 West Main Avenue, Gastonia, NC 28052.
