

LEXIS FIRE DEPARTMENT

STATION 20

March 20, 2017

Request for Carry-Over Funds

Fire Advisory Board Members,

The Alexis Fire Department is requesting all available funds from the department's carry-over fund. The fund's current balance is \$ 51,793.00 and the total amount will be placed in a principle only payment of the current two pieces of apparatus that are under a lease-purchase agreement.

This should allow the early payoff of the two apparatus not currently owned by the department sometime in FY 18/19. This plan has been approved by the department's Board of Directors.

Thank you,

Brad Presswood, Chief
Alexis Fire Department
