NOW, THEREFORE, BE IT RESOLVED by the County Commission, upon consideration of the map change application, public hearing comment and recommendation for the Planning Board and Planning staff, finds:

- 1) The map change request is consistent with the County's approved Comprehensive Land Use Plan. The proposed rezoning is in the Rural future land use plan. Therefore, the map change request for Property parcel: 221906, is hereby approved, effective with the passage of this Resolution.

Key issues for citizens in this area include: preservation of open space; road improvements and better connectivity to other areas of the County and throughout the region; increased job opportunities; preservation of agriculture and maintaining the rural “feel” of the community; repurpose vacant buildings and facilities for new economic opportunities; and, steer development towards existing infrastructure.
<b>Comprehensive Plan future Land Use: Rural</b>
Rural areas are areas characterized by green, rolling hills and plenty of open space, along with farmstead style housing, as well as agribusinesses. This designation exemplifies Gaston County and the existing natural resources that exist throughout the jurisdiction. Residential homes are located on large lots and are set back from the roads they front upon. There are many opportunities for agribusiness ventures in this designation as well, including farming, landscaping and associated nurseries, etc. It is understood that this is the default use designation for Gaston County.
