Comprehensive Plan future Land Use:

Rural – Rural areas are areas characterized by green rolling hills and plenty of open space. Residential homes are located on large lots and are set back from the roads they front upon. There are many opportunities for agribusiness ventures in this designation as well, including farming, landscaping and associated nurseries, etc. It is understood that this is the default use designation for Gaston County.

STAFF SUMMARY

Prepared By: Sarah Carpenter Penley, Senior Planner

This property is located in a residential area of the northeast region of the county. The location is primarily residential in nature with a variety of housing types, varied between site built and manufactured, which is not uncommon in a rural area and setting.

If approved, any uses allowed in the (R-3) Single Family General Zoning District would be permitted in accordance with standards and regulations as adopted in the Gaston County Unified Development Ordinance (UDO).

PLANNING BOARD RECOMMENDATION

Scheduled Meeting Date: January 11, 2021

Meeting Summary / Points of Discussion: Staff provided Board members with a history of the property, which included that an application had been brought before the Board three (3) years prior, involving the parent tract of twenty (20) +/- acres; at the time of submittal in 2018, the property was an estate to be divided among heirs; the Board of Commissioners advised the applicant to return to the Board of Commissioners when the estate had been settled and that they would entertain any requests on a case-by-case basis; and, the applicant has now returned with 0.89 acres of his deeded amount, requesting a rezoning in order to allow for affordable housing.

The Board voted to approve the application, with a vote of (8) to (1), based upon the following statement of consistency:

The proposed rezoning is in the Rural future land use plan. Rural areas allow for residential homes located on large lots with opportunities for agribusiness ventures. The use, going from (R-1) to (R-3) will allow the subject parcel to continue as a residential use in nature, which is consistent with the Rural designation and is in harmony with other residential uses within the immediate vicinity.
