NOW, THEREFORE, BE IT RESOLVED by the County Commission that after consideration of the map change application, public hearing comment and Planning Board recommendation:

- 1) The map change request is consistent with the County's approved Comprehensive Land Use Plan. The proposed rezoning is in the Rural community future land use plan. Rural communities are areas in the largely Rural areas where there is a number of residential buildings on smaller lots, built closer to the roadway. The use, going from (R-1) (I-2) with (US) Overlay to (CD/RS-8) with (US) Overlay will make the subject parcel primarily residential in nature, which is consistent with the Rural Community designation and is in harmony with the uses of the surrounding neighborhood. The (CD) Conditional District designation will also help foster higher quality development for the parcel.

The Commission considers this action to be reasonable and in the public interest, based on: Planning Board recommendation and compatibility with existing land uses in the immediate area. The Map change request for Property parcels: 146377, 146376, 147285 (part of), and 147284 (part of), is hereby approved as conditioned (Exhibit A), effective with the passage of this resolution.

- 2) The County Manager is authorized to make necessary notifications in this matter to appropriate parties.

Exhibit A
Conditions of Approval
CD21-01

1. The applicant shall complete the development strictly in accordance with the plans submitted to and approved (and/or modified) by the Board of Commissioners.
2. If any of the conditions affixed hereto or any part thereof is held invalid or void, then this zoning district shall be void and no effect.
3. Development shall meet all local, state, and federal requirements.
4. The zoning is conditioned upon the conceptual site plan.
5. In accordance with Section 5.16.5(I) of the Unified Development Ordinance, the development and use of the property shall be governed by the predetermined ordinance requirements applicable to the district's zoning classification, the approved site plan for the district, and any additional approved rules, regulations, and conditions, all of which shall constitute the zoning regulations for the approved district and are binding on the property as an amendment to these regulations and to the Zoning Map. The Administrator may only make minor changes to the approved site plan administratively.
6. Before the preliminary subdivision plat will be approved, details of the water/sewer utility agreements must be provided by Two Rivers Utilities.
7. Before the preliminary subdivision plat will be approved, copies of 401/404 permits must be provided to the Floodplain Administrator.
8. Flood Development Permits must be obtained for any disturbance within the SFHA, including grading.
9. Outfall locations will not be allowed in the buffer areas and developer must allow for natural dissipation of water at outfall locations, when applicable.
10. The Subdivision Administrator shall be allowed flexibility not limited to, adjustments for location requirements and number of street trees required, and are at the sole discretion of the Subdivision Administrator.
11. Phasing shall be incorporated and limited as follows, in order to mitigate impacts on traffic, streams and wetlands, erosion control, and, the extension of public infrastructure, in a manner that promotes and enhances the community character: a) land construction and disturbance shall be permissible in two (2) parts, as indicated on the approved concept plan, which may occur simultaneously in order to allow for grading and the placement and installation of infrastructure; b) issuance of certificate of occupancy shall be limited to ninety percent (90%) of each phase, as indicated on the approved concept plan, prior to beginning the next phase. Building permits can be obtained in phase two (2) after ninety percent (90%) of the certificate of occupancies have been issued in phase one (1).
12. The attached elevations, shown as Exhibit A, represent the selection of housing styles to be included within the development. Each elevation may or may not have more than one design. No more than twenty five (25) percent shall have one (1) car garages.
13. The proposed soft surface walking trail, located along the southern most property line, is to be designated as private and maintained by an established Homeowner's Association (HOA).

Proposed Land Use:

(315) lot residential development

COMPREHENSIVE LAND USE PLAN

Area 4: The Garden Gaston / Southeast Gaston

Key issues for citizens in this area include road improvements and better connectivity to other areas of the County and throughout the region; another bridge crossing the Catawba River; increased walkability and connectivity between communities; continued coordination amongst local government agencies; and, maintaining enhanced quality of life.

Comprehensive Plan future Land Use:

Rural Community – areas in the largely Rural areas where there is a number of residential buildings on smaller lots, built closer to the roadway. Driving through these areas, you feel like you are in a neighborhood. These areas may not serve a purpose other than providing homes, but still maintain a neighborhood look and feel.

Staff Recommendation:

Application, as presented, is consistent with the Comprehensive Land Use Plan. Should the Board approve the request, staff recommends that the attached conditions are adopted, as the conditions are designed to mitigate some of the effects of the development.

PUBLIC INFORMATION MEETINGS (Required)

December 2, 2020 and December 3, 2020

- Seven (7) citizens were in attendance
- Highlights covered by applicant included: area of concern to the most immediate adjacent owner on Forbes Rd is no longer at an angle but still provides a one hundred (100) ft buffer; all lots are a minimum of 8,000 sq ft or more; maximum number of lots allowed is 315 (a reduction from 350); one area designated as COS has been relocated from the entrance area to deeper within the neighborhood and will include an amenity area; two (2) retention ponds have been combined into one (1); DR Horton will be upgrading the product to exclude vinyl siding with the exception of trim and soffits, and include other materials such as hardy plank, stone, et cetera; road improvements to include new asphalt and widening of Forbes Rd; developer will be extending water line from US 321 Hwy to the site and providing extension of sewer which will be accessed from the creek side of the property; and, housing types will include (4-5) plans with each plan having (7-8) different designs.
- Notes of concern by attendees: schools, traffic, adjacent property owner on Forbes Rd would like a fence in addition to a 100' buffer
- Staff observation: The attendees were the same as the previous PIMs, and did not outwardly oppose the development. Conversation was cordial and flowed freely between the applicant and the attendees.

SCHOOL PLANNING INFORMATION

Provided by Gaston County Schools

The proposed development would be served by H. H. Beam Elementary, Southwest Middle, and Forestview High School.

2020 PUPIL ENROLLMENT BY SCHOOL		SCHOOL CAPACITY (Source: GCS 2018 Long Range Facility Plan)	
H. H. Beam Elementary	613	H. H. Beam Elementary	723
Southwest Middle	841	Southwest Middle	906
Forestview High	1,080	Forestview High	1,105

*When estimating the number of new school age children, it will be based upon a combination of Census data and school enrollment. The current estimation is **0.37 school age children** per household. (Number of households: 81,494 per Census. Number of school age children: 30,834 per Department of Public Education.)*

TRANSPORTATION PLANNING INFORMATION

Traffic Impact Analysis provided by Timmons Group

Capacity analyses were performed for 2020 Existing, 2023 Background, and 2023 Build (Background plus site trips) traffic volumes.

Based on the operational analyses, the following is offered:

- All approaches at the un-signalized intersection of Forbes Road / Site Driveway #1 are projected to operate at acceptable levels of service during both 2023 Build peak hours. Per NCDOT standards, the following improvements are recommended: (1) Eastbound right-turn lane (50-foot storage with appropriate taper).
- All approaches at the un-signalized intersection of Forbes Road / Site Driveway #2 are projected to operate at acceptable levels of service during both 2023 Build peak hours. Per NCDOT standards, the following improvements are recommended: (1) Eastbound right-turn lane (100-foot storage with appropriate taper); (2) Westbound left-turn lane (50-foot storage with appropriate taper).

- All approaches at the un-signalized intersection of Forbes Road / Little Mountain Road are projected to operate at acceptable levels of service during both 2023 Build peak hours. No improvements are recommended at this intersection due to the construction of the proposed development.

- The signalized intersection of US 321 / Forbes Road / Superior Stainless Road is projected to operate at acceptable levels of service during both 2023 Build peak hours. No improvements are recommended at this intersection due to the construction of the proposed development.

Technical Review Committee (TRC) comments provided by Gaston Lincoln Cleveland Metropolitan Planning Organization (MPO)

Highlights from the comments provided include a proposed freeway facility to the immediate east of the development site, currently unfunded, and a multi-use, soft surface, path along the creek corridor that is recommended that the developer work with staff to compose a plan. (See Item 13 – Conditions for Approval)

STAFF SUMMARY

Prepared By: Sarah Carpenter Penley, Senior Planner

Staff received this application for rezoning request in October 2020. Meetings with the engineers and representatives for DR Horton occurred on numerous occasions to discuss, among many topics: the Traffic Impact Analysis; status of negotiations with the NCDOT and Two Rivers Utilities; best use for common open space; consideration for citizen comment from Public Input Meetings; construction phasing; and, Conditions for Approval.

This property is located in a residential area of the central-southeast region of the county. While its location is primarily residential in nature, it is not far from the US 321 Highway corridor, with easy access to York County and Interstate 85. While typical projects of this size would encourage staff to request retail components in the plan, the location and access off of a secondary road (Forbes Road), discourages the promotion of commercial uses in a predominantly single family residential district. The proximity to the US 321 Highway corridor, however, is encouraging that new development might bring new growth to an area identified by distressed properties, often vacant after industrial businesses have departed.

Architectural standards were considered and relaxed due to the location being more rural in nature and not in close proximity to major urban developments or similar architectural standards. The developer, in turn, voluntarily proposes to forgo the use of vinyl products, aside from trim and soffits, and use a mixture of other materials to include hardy plank, stone, et cetera.

If approved, staff would recommend that the Conditions for Approval be implemented, as presented or modified by the Board, in order to ensure higher quality development, in addition to the (US) Urban Standards Overlay regulations.

PLANNING BOARD RECOMMENDATION

Scheduled Meeting Date: January 11, 2021

Meeting Summary / Points of Discussion: Staff provided Board members with a history of the application, which included a submittal in November. The applicant returns with a revised concept and significant changes to the site plan, which were noted as follows:

- + A reduction in lots from (350) to (315)
- + Minimum lot size of 8,000 square feet
- + Upgraded materials to include hardy plank, stone, brick, et cetera
- + Eliminate vinyl siding as a building material, with exception to trim and soffits
- + Provide a (100) ft buffer to adjoining property owner on Forbes Road
- + Provide extension of water and sewer utilities
- + Provide road improvement to Forbes Road, to include new asphalt and widening
- + Include/show an amenity center within the neighborhood
- + Include elevations and house designs as a Condition for Approval

The applicant provided a brief presentation, after which discussion ensued by Board members. Questions posed included price point, to which the applicant projected (at this point) an estimate of mid to high \$200,000's, noting that the market could change. One Board member questioned the inclusion of two (2) car garages with all homes, to which the applicant responded that most elevations and home designs included the two (2) car garage option, however, single car garage options were also available. When Board members questioned the impact on schools, particularly those close to capacity, staff addressed those concerns with data provided by Gaston County Schools, which indicates that the school district for this particular development would not be adversely affected, based upon the data presented and projected completion date. Concern was expressed regarding the entrance configuration, and representatives for DR Horton explained that the design was dictated by NCDOT standards and recommendations.

The Board voted to approve the application with modifications, with a vote of (8) to (1), based upon the following statement of consistency:

The proposed rezoning is in the Rural Community future land use plan. Rural communities are areas in the largely Rural areas where there is a number of residential buildings on smaller lots, built closer to the roadway. The use, going from (R-1)(I-2) with (US) Overlay to (CD/RS-8) with (US) Overlay will make the subject parcel primarily residential in nature, which is consistent with the Rural Community designation and is in harmony with the uses of the surrounding neighborhood. The (CD) Conditional District designation will also help foster higher quality development for the parcel.

Modifications were made to Conditions for Approval, Item (12):

12. The attached elevations, shown as Exhibit A, represent the selection of housing styles to be included within the development. Each elevation may or may not have more than one design. No more than twenty five (25) percent shall have one (1) car garages.

Memorandum

To: Sarah Carpenter Penley, Senior Planner, Subdivision Administrator, Gaston County Planning & Development Services
From: Julio Paredes, Planner, Gaston—Cleveland—Lincoln MPO
Date: November 17, 2020
Subject: Forbes Rd - CD21-01—GCLMPO Comments

Thank you for the opportunity to provide transportation comments on a proposed subdivision within the Gaston-Cleveland-Lincoln Metropolitan Planning Organization (GCLMPO) planning area. My comments are based on review of the proposed subdivision in accordance with the adopted Comprehensive Transportation Plan (CTP), the adopted 2045 Metropolitan Transportation Plan (MTP), and the current State Transportation Improvement Program (STIP).

On behalf of the GCLMPO, I offer the following comments:

1. According to NCDOT's 2020-2029 State Transportation Improvement Program (STIP), there are no funded transportation improvement projects in the immediate vicinity of this project.
2. The CTP shows a recommended multi-use path along the creek corridor. The developer should work with the Gaston County Planning and Development Services on any requirements to reserve an easement for a future greenway.
3. Just north of this site, a proposed 4-lane freeway from US 321 north of Dallas to NC 279 is included in the MPO's CTP. The proposed thoroughfare is an unfunded project. The CTP does not include specific transportation projects or improvement schedules, but instead represents the status or completeness of the comprehensive transportation system that may be required to support anticipated growth and development.

By establishing the region's future transportation needs, the CTP offers an organized way to identify, and eventually prioritize, the transportation projects that may be built in the communities within the GCLMPO area.

CTP projects shown as "Needs Improvement" or "Recommended" could become a funded project in the future, part of a development project, or may never become a funded project.

The centerline for this proposed thoroughfare as currently shown on the CTP is from the once funded Garden Parkway. The proposed thoroughfare, if re-established as a funded

project in the future, would go back through the Environmental Impact Study process with a new centerline defined. It could be a similar centerline, or it could be something different.

4. Please note that any site plan that requires a driveway permit on an NCDOT roadway, or is adjacent to NCDOT roadways, the developer should work with NCDOT on any required driveway permits or any TIA requirements.

If you have any questions regarding my comments, please do not hesitate to contact me at 704-866-6980 or juliop@cityofgastonia.com.
