BACKGROUND

National Fire Prevention Week is observed across the United States each year during the first full week (Sunday thru Saturday) that contains the date of October 9th. The Fire Prevention Week 2020 campaign highlights this year's focus on cooking safety and preventing kitchen fires at home. National Fire Prevention Association has plenty of fire safety materials for kids and adults. Get helpful tips on creating a kid-free zone in the kitchen, how to extinguish a small fire with a lid, staying focused and alert while cooking, distributing materials at safety events, and more. This year's Fire Prevention Week campaign, "Serve Up Fire Safety in the Kitchen!" because unattended cooking is the leading cause of home fires.
