BACKGROUND

The Gaston County Department of Health and Human Services - Public Health Division received Grant funds from the National Environmental Health Association for the Environmental Health Private Well Program. The NEHA grant develops methods to estimate the number of private wells, private well users, determines private well testing distribution, and assesses risk for regional contaminant exposure. Funds will be used to hire a part-time graduate intern to assess the risks of contaminant exposure and for supplies and online tools to develop private well educational materials. These are Non-County funds.
